ADAMS SCHOOL BOARD PLANS CONVENTION

The Adams County School Board Monday night heard the report of Richard C. Lighter, vocational education advisor, approved a number of financial and auditors' reports and set the time and place for the 1959 county school directors' convention.

The Rev. Harry Richwine Jr., pastor of Salem Lutheran Church, Lebanon, will be speaker for the convention which will be held December 4 in the Littlestown High School auditorium. County Superintendent C. P. Keefer told the board that although the auditorium of the school will be available, it will be necessary for the directors to "eat out." He said adequate facilities are available in Littlestown.

Last year and in previous years, school cafeterias have been used with pupils being dismissed for part of the day to make way for the directors. Attendance rules now prohibit cutting short of the school day, Keefer said.

Reports Complicated
The financial reports of Abbottstown, East Berlin, Fairfield, New Oxford, Littlestown and York Springs boroughs, Germany, Hamilton, Hamiltonban, Huntington, Latimore, Liberty, Reading and Union townships local boards and Fairfield and Lower Adams joint boards were given formal approval by the board after Keefer said that his office had checked them.

Also approved were auditors' reports from Abbottstown, Fairfield, Littlestown and York Springs boroughs, Hamilton, Hamiltonban, Huntington, Liberty, Latimore and Union townships and Fairfield joint boards.
J. Faber Wildasin, secretary of the county board, commented on the auditors' reports. He said that the state report form is so involved that he doubted that many auditors could understand it. He added, however, that in the case of his (Abbottstown) local board, he was satisfied that the auditors had carefully checked the board records in respect to checks issued and the propriety of the payments.

Six Programs
Lighter reported that six of the seven high schools in the county have vocational agriculture programs. (Continued On Page 2)

NAME WEAVER ADVISOR HEAD ANOTHER YEAR

William G. Weaver was unanimously re-elected chairman of the Citizens' Advisory Committee of Gettysburg College at a meeting of the body Monday night in Alumni Hall at the college. Community representatives attending viewed the new college motion picture, "The Image of Gettysburg."

Dr. Harold A. Dunkelberger, assistant to the college president for development, reported during a business session that \$365,000, including a large amount in special gifts, has been raised in the Adams County phase of the college's drive for capital funds.
"This is really tremendous. It is a wonderful outpouring of good will on the part of our Adams County neighbors. It is the largest sum the county has ever given the college," Dunkelberger declared.

Community Chest Plans
John W. Shanline, dean of students, revealed that the entire student body will be solicited during October for gifts to the Gettysburg Community Chest. "It is generally known that the faculty participated one hundred per cent in last year's Chest drive," Chairman Weaver said.

Weaver reviewed accomplishments of the citizens' committee last year. Included were committee aid in arrangements for the liberal arts convocation in April and frank and mutually beneficial expressions on topics of concern between "town and gown," he said.

Weaver urged members of the college family to vote in the forthcoming general elections. He also recommended that local residents attend the college's Civil War Conference in November.

Routines Discussed
Procedures when fire breaks out on the campus, student gatherings and parades downtown, and student automobile regulations were also discussed.

Harold O. Closson Jr., student union director, will address the advisory group at its next meeting October 26, it was announced.

Announce Plans For 'Shoot' Here

The Gettysburg Travel Council and Company K, the local North-South Skirmish Association, today announced plans for a North-South shoot to be held here October 24 and 25.

To be known as the "Gettysburg Invitational Shoot" the firing will take place in Teeter's Quarry, along the Littlestown Rd., at the same site as the shoot was held last October.

Between 400 and 500 are expected for the shoot with final arrangements to be made by representatives of Company K at the national shoot to be held by the North-South Skirmish Association this weekend at Fort George G. Meade.

Among events planned will be a parade through Gettysburg if approval is given by the participating units when queried at this weekend's competition.

"MR. K" LET OUT STORY OF TALK WITH GRANDSON OF PRESIDENT

Students in the Sixth Grade taught by Mrs. Anna Stahl at the Keefauver School had much to talk about Monday at their regular morning "sharing" program when the youngsters tell about where they have been, what they have seen, what they have done.

Some had been to Washington, some to New York.

Among the students, one had had a visitor over the weekend the chairman of the Soviet Socialist Republics, who had flown to the farm of the student's grandfather along Willoughby Run, south of town.

David Was "Scooped"

The student, David Eisenhower, had been "scooped" on the story he could have told. Nikita Khrushchev, the chairman of the Russian government, has "let out" the whole story to newsmen of the world Sunday afternoon at a press conference at Washington which was televised throughout the nation and broadcast to the world.

Gettysburg residents had believed Cumberland Twp. was about to have distinguished visitors Saturday afternoon when Army helicopters swung low over the Battlefield and over the town, then headed toward the Eisenhower farm. Their belief was confirmed by the public announcement that President Eisenhower had brought the Communist leader from Camp David to see the farm here.

"Top Level Conference"

Khrushchev related details of the trip to Gettysburg when he was asked why President Eisenhower had apparently changed his mind and instead of visiting Russia this fall would visit Russia in the spring.

Khrushchev laughed and told the reporters "not to pick for fleas." He said that he had had a "top level conference" with President Eisenhower's wonderful grandchildren. I asked them to come with their grandfather when he visits Russia, telling them I have grandchildren just about their ages. I asked when they could come and they decided spring would be best because then the flowers are out and all is beautiful in Russia.

Mount Joins In Student Loan Fund

Mt. St. Mary's College, Emmitsburg, was named among the 16 Maryland colleges which this year can participate in a federal student loan fund of \$432,716.

Mt. St. Mary's is eligible for \$11,288 in aid application. The funds are provided the colleges under a 30 million dollar program provided by the Defense Education Act.

The loans to students are designed to encourage continued studies in the sciences and mathematics.

Hoffa Defies Monitors; Will Not Oust Criminals

WASHINGTON (AP) — James R. Hoffa says he won't bring union ouster charges against three Teamsters chiefs as asked by the union's court-named overseers.

The Teamsters president also told reporters Monday he can find only five Teamsters officials disqualified by criminal records from holding office under the new labor control law. He said they will be eligible again in January, and have been placed on leave of absence until then.

The law forbids a man from holding union office within five years of a criminal conviction. The monitors, named by federal court to check on Teamsters' affairs, had recommended that Hoffa bring union ouster trials against Joey Glimco, Chicago taxi local Teamsters chief; Harold Gross, a Miami kingpin; and Anthony Provenzano, head of the New Jersey Joint Council.

ANNUAL DINNER OPENS CONCERT DRIVE MONDAY

The officers and directors of the Gettysburg Concert Association met Monday evening for the annual membership campaign dinner at the Hotel Gettysburg. Dr. J. W. Heikkinen, president, presided.

The theme of the evening was Finland, in keeping with the first concert presentation October 7 of the National Ballet Theater of Finland. David Greenlund, junior in music education at Gettysburg College, sang three Finnish folk songs. He was accompanied by Mrs. Jacob Heikkinen at the piano.

Miss Elva Fosman, attaché for cultural affairs from the Embassy of Finland, Washington, D. C., was the guest speaker. Her subject was the historical background of Finland. She said that Sweden and Finland were united about the time of the crusades. The union, she said, resulted in Swedish laws and a Lutheran religious tradition. As a result, she added, Finland became the battleground between Sweden and Russia and eventually was overcome by Russia.

Regains Independence

"Gradually Finland regained her independence, and with it came its own language and laws. On December 6, 1917 the Finnish parliament declared a day of independence which is still celebrated, like the Fourth of July. In 1919 Finland adopted its own constitution, modeled on the American and British tradition.

"Following World War II Finland strived for neutrality. Today it is a member of the United Nations and works closely with her Scandinavian neighbors. Her relations with the United States have always been friendly. In fact much aid has come from this country. One such case was the Hoover loan, when the Finnish people were starving."

Miss Forsman pointed out that (Please Turn To Page 2)

TWO CARS DAMAGED

Two cars were damaged a total of \$1,400 in a collision Saturday at 8:25 p.m. in Midway. McSherrytown Police Chief Manard Masemer reported that a car driven by Robert L. Laughman, 16, Hanover, hit the parked auto of Irl L. Miller, Spring Grove. He said damage was \$500 to Laughman's auto and \$900 to Miller's car.

Cooking School Opens Here This Evening

A large crowd is expected to attend the opening session tonight of the 31st annual "Kitchen Classics" cooking school sponsored by The Gettysburg Times and a number of participating merchants.

Miss Alice Walters, home economist, and her assistant, Miss June Eubele, arrived in Gettysburg Monday and inspected the spacious high school auditorium and kitchens where the school will be conducted. "Everything is wonderful," they said in unison. "We will have a fine school."

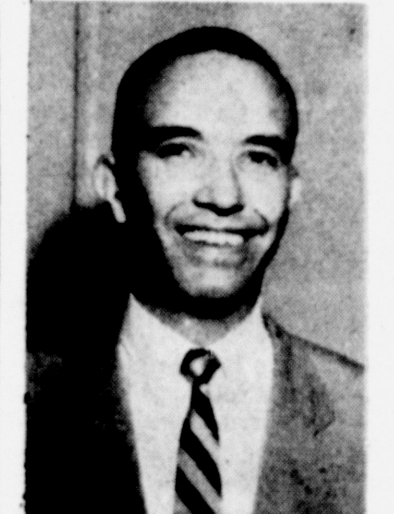

More than \$2,000 worth of prizes will be given away during the three sessions, tonight, Wednesday and Thursday. Sixty baskets of food, each valued at \$10, will be presented each evening. All the food prepared at each session will also be given away.

Sessions will begin at 7:30 o'clock except Wednesday evening when a fashion show will be presented at 7 o'clock.

An electric range valued at \$575 is the grand prize. Special police will be on duty to assist in directing traffic and parking at the high school.

SPEAKER CITES PROGRESS IN NEW MEDICINES

"Pharmaceutical scientists and medical men have achieved great progress in the last 20 years than the world had known in the last 20 centuries," John R. Burgoon, representative for Smith, Kline and French, Philadelphia.

JOHN R. BURGOON

told members of the local Lions Club in a talk Monday evening on "Prescription for Tomorrow." "A child born today can expect to live 10 years longer than his uncle born in 1929 and we have every reason to believe that more progress in medicines and drugs will lengthen our life expectancy further in the future," the speaker said.

Save Lives, Time

He explained the great amount of time and money spent in medical research and said that pharmaceutical firms consider themselves "very fortunate" if one new drug in 1,000 tested turns out to be of real value. He pointed out that the average life of a new drug is only from two to five years when it is replaced by another. He noted that most drugs used now in preparation of modern medicine.

First National To Pay Dividend

The board of directors of the First National Bank of Gettysburg today authorized another special two per cent dividend for its stockholders. At the same time it formally announced intentions to increase the rate paid on savings accounts and time deposits to three per cent.

The three per cent payment on deposits will begin November 1, President I. Z. Musselman announced.

The two per cent special dividend for the stockholders will be paid October 15 to stockholders of record on October 1. The special dividend is the second two per cent special payment made to the stockholders this year in addition to the regular semi-annual three per cent payments to the owners of the bank's stock.

F. L. LINDAMAN EXPIRES TODAY

F. Loy Lindaman, 71, of East King St., Littlestown, died at 3:15 o'clock this morning at 244 Frederick St., Hanover. He was a son of the late Rev. Dr. F. S. Lindaman, who for many years was pastor of Christ Reformed Church near Littlestown, and the late Amelia J. R. Rice Lindaman. His wife, Mary Miller Lindaman, died in January, 1946.

The deceased is survived by two children, Mrs. Paul Luckenbaugh and Fred Lindaman, both of Rockville, Md. Two grandchildren also survive.

Mr. Lindaman was a justice of the peace and an accountant in Littlestown for a number of years. He was a member of Christ Reformed Church and the Eagles lodge.

Funeral services will be held Thursday afternoon at 2 o'clock at Little's Funeral Home, Littlestown. Rev. G. Howard Koons will officiate and burial will be in the church cemetery.

Friends may call at the funeral home Wednesday evening.

NAME DITZLER NEW PRESIDENT FOR KIWANIS

The Gettysburg Kiwanis Club conducted its annual election of officers Monday evening and voted \$50 to the Gettysburg Community Chest campaign at the weekly dinner meeting Monday evening at Bren-Da's Restaurant, Fairfield Rd. President Robert McCoy presided at the meeting.

J. William Ditzler was chosen president for 1960 and Carl Schutt and Harry Redding were elected as vice presidents. Alfred Young was named as the treasurer.

Dr. George Wolfe, Sizer Burton, Kenneth Foust and Wayne Cluck were elected to the club's board of directors for two-year terms.

The speaker Monday evening was Edward L. Weikert who talked on "Coin Collecting." A coin collector for the last 63 years, Mr. Weikert was one of the organizers of the Gettysburg Numismatic Society. He described the growth of the use of money from its beginnings in Biblical days. He said the first recorded use of money occurred in the Old Testament when Abraham purchased land from his brother-in-law. He also discussed U. S. money and display a part of his coin collection.

The donation to the Community Chest was voted by the club's board of directors after the regular meeting. Officers said plans are being made for a ladies' night in the near future.

URGES ROTARY MEMBERS TO BACK LIBRARY

Patrick W. Barclay, professor of fine arts at Gettysburg College, urged support of the proposed one-mill tax to provide funds for the Adams County library at the meeting of Rotary Monday evening at the YWCA.

Speaking on "The Needs of the Library" he said: "We have a fantastically good library considering the difficulties under which it works."

Noting "one expects to find a good library where he resides, just as he expects to find good roads, good schools, a good police force," Barclay added: "But one must also expect to pay for it. We have a good library but only a few have paid for it so far. For 13 years most of us have had the library without much support from us. Now the time has come when that support is truly needed. The library is operating at a deficit and that means either more support or a loss of services and in time perhaps loss of the library itself. The amount sought through taxation is not great. Now the library obtains about \$22,000 per year. If the one-mill tax is passed it will receive about \$28,000 a year. The additional \$6,000 will not permit drastic changes, but it will permit operation in the black, will permit purchase of new books, and an increase in services. It is to be hoped it will also permit expansion when the original mortgage is paid off. One of the most popular features of two summers ago was the series of visits by the bookmobile to towns of the county. This summer such trips could not be afforded, and so the communities and their people were the sufferers."

Hurricane Gracie Lashes South Carolina Coast As Snow, Rain Hit Rockies

By THE ASSOCIATED PRESS
Hurricane Gracie, labeled extremely dangerous by weathermen, smashed the South Carolina coast early today.

Torrential rain, towering waves and winds of hurricane force—74 miles an hour—lashed the coastline.

Signs blew down, trees crashed, power lines went out and flood water filled streets in lower areas of Charleston and nearby communities. Most exposed areas were evacuated, but many of those remaining were isolated as flood water cut them off.

Heavy snow covered the Rocky Mountain states for the second consecutive day, billowing out from the spiny ridge of the Continental Divide to the Plains.

Rain Turns To Snow

A cold rain changed to snow all along the eastern face of the mountains late Monday night.

The snow left a slushy path for motorists and pedestrians here and at Colorado Springs. Similar conditions prevailed from Cheyenne, Wyo., on the north to Trinidad, Colo., on the south.

Sees Conquest Of Cosmos

LONDON (AP) — A Soviet scientist today predicted that space-probing earthlings eventually will meet up with beings from other worlds.

And together they would go on to conquer the cosmos.

"Soviet science already commands the means to send cosmic rockets to Mars and Venus," Moscow radio claimed.

In man's conquest of the cosmos Moscow radio reported, astronomer Feliks Segal believes the space travelers will first colonize the moon.

They they will conquer the rest of the planets. Finally they will venture forth into other solar systems.

In a broadcast beamed to North America, Moscow radio said plans are already being drafted in fact to turn the moon into a habitable planet.

AUXILIARY TO BUY AIR UNITS FOR HOSPITAL

At their first fall meeting the Women's Auxiliary of the Annie M. Warner Hospital voted \$1,620 to purchase six air conditioning units for rooms in the new south wing of the hospital. The group met Monday afternoon in the American Legion Home.

The following officers were sworn in: Mrs. James Allison, president; Mrs. David Pitzer, first vice president; Mrs. James Hammett, second vice president; Mrs. James Burke, third vice president; Mrs. David C. Stoner, secretary, and Mrs. Howard Hartzell, treasurer. Mrs. Clark Smith retired as president after two and one half years in office.

Reports were presented by Mrs. John Henry, chairman of the membership committee, who announced that there are 943 paid members, 20 honorary members, three affiliates, 13 junior members, 36 new members and one new life member. Mrs. Charles Weaver, chairman of the photobabe committee, announced that 1,065 pictures were taken and 1075 were paid for last year. She also announced that during the period from June 22 to September 25, 262 pictures were taken and 259 were paid for.

STOCKS RALLY

NEW YORK (AP)—Motors and steel paced a continued stock market rally early this afternoon. Trading was heavier than Monday.

Key stocks advanced from fractions to more than a point.

Chrysler, which has been backward lately, spurted well over 2 points.

Rails joined industrials in the advance which was based to some extent, brokers said, on anticipation that the federal government would intervene in the steel strike and get the mills back into operation.

"REC" BOARD HAS NO FUNDS FOR NEW 'TEEN CENTER HERE

If a teen-age center is opened in downtown Gettysburg, as is being discussed, the Gettysburg Recreation Board will not have funds to staff it.

That was the decision of the board at its meeting Monday evening at Gettysburg High School after it had discussed the question of what assistance recreation could give if a teen-center is established to operate on a nightly basis.

The board was asked its opinion at a recent meeting of the Civic Improvement committee of the Gettysburg Chamber of Commerce. At that session representatives of various local groups were asked to discuss the possibility of such an establishment at the next meeting of their organizations and report back.

Means Extra Mill

Attorney Donald G. Oyler, chairman of the Chamber of Commerce committee, at the exploratory meeting with representatives of other groups, said that after the representatives reported back the committee would take their recommendations for study and determine then whether to recommend to the Chamber of Commerce that it adopt the project as a future activity.

The recreation board Monday looked at the balance remaining for this year in the funds provided by the town and found no way in which the \$1,896 remaining for operation of the recreation program until January 1 could be stretched to provide any staff for a teen-age center.

Discussing the possibility of obtaining an additional "3,000 to \$4,000," the amount needed to provide staff for operation of the center 365 days a year, which would add another mill to the town's taxes, the board held that it is "unlikely that the town could afford it in the foreseeable future."

To Many Distractions Now

While the only action taken was a vote that "financially we are unable to assist at this time," the general discussion indicated that (Continued On Page 3)

GARDNERS MAN FATALLY HURT IN CAR CRASH

Ivan E. Sowers, 34, Gardners R. 1, and Albert Raudabaugh, 19, Carlisle, were fatally injured Monday night at 9:10 o'clock when three cars collided and burst into flames one mile south of the Midway Bowling Center between Mt. Holly Springs and Carlisle.

Four other men were injured, one seriously. James Walters, 19, of Carlisle, had burns, cuts, internal injuries and possible fractures of both legs. He was admitted to the Carlisle Hospital in a serious condition.

Treated and released by the hospital were three brothers, Donald Nace, 20, of Carlisle R. 1; Ralph Nace, 19, Newville R. 2, and Reuben Nace, 19, of Shippensburg R. 1. State police said all suffered cuts and bruises.

Cars Caught Fire

Sgt. Robert E. Dietrich, of the Carlisle barracks of the State Police, said Sowers was driving south when his car swerved across the highway into a car operated by Walters. The third auto, driven by Donald Nace, crashed into the rear of Walters' sedan.

Raudabaugh was a passenger in Walters' car; Sowers was alone in his vehicle and the three Nace brothers were in the third auto.

After the accident, which occurred on a straight section of road, all three cars burst into flames and were destroyed despite efforts of the Mt. Holly Springs and Carlisle firemen who were called to the scene.

SCOUTERS TO MEET

"Scouting in the Air" will be the theme this evening at a round table meeting to be held by the Black Walnut Boy Scout District for adult leaders of Boy Scout units at the American Legion Home, Baltimore St., at 7:30 o'clock. Alfred Bashore, assistant district commissioner for Scouting, will be in charge of the meeting open to Scoutmasters, assistant Scoutmasters, institutional representatives, committee members and parents.

A. Lincoln Said:

It is not merely for today, but for all time to come, that we should perpetuate for our children's children that great and free government which we have enjoyed all our lives.

TANEYTOWN POSTMASTER PASSES AWAY

James F. Burke, 52-year-old postmaster of Taneytown, died at 8:57 o'clock this morning at the Warner Hospital after being a patient there for 10 days.

Mr. Burke was a son of the late William E. and Laura Crebbis Burke.

The deceased is survived by his widow, Virginia Rickell Burke; one daughter, Patricia L., at home; one brother, William E. Burke and one sister, Mrs. Neal W. Powell, both of Taneytown.

Mr. Burke has been affiliated with the postal service for 24 years. He was acting postmaster for three years and postmaster for the past eight years. He was a member of St. Joseph's Catholic Church, the Holy Name Society, Chamber of Commerce, fire company and the Rod and Gun Club, all of Taneytown; the Postmaster's Association, Moose of Hanover, and Eagles of Waynesboro.

Funeral services Friday morning at 9 o'clock with a requiem mass in St. Joseph's Catholic Church, Rev. Fr. Francis P. Wagner officiating. The place of interment was not decided upon early this afternoon.

Friends may call at the Fuss Funeral Home, Taneytown, after 1 o'clock Thursday.

Prayers will be recited at the funeral home at 8:30 o'clock Thursday.

SET DATE FOR 4-H BANQUET

The annual Adams County 4-H Achievement banquet will be held October 20 at the York Springs Elementary School cafeteria at 6:45 o'clock, the committee from the 4-H Senate in charge of the event decided at a meeting Monday evening at the courthouse.

The entire program after the dinner will be devoted to presentation of awards for achievements by the 4-H members and honoring the local leaders of the children's groups. It was decided. Among awards will be those presented by the national awards contest to county contestants.

The group also decided that the dinner program will be a "family affair" with parents "and friends and relatives" invited to attend.

Members of the committee include Dorothy Anthony, Aspers club; Mary Jane Bowman, Brushtown 4-H Club; Connie Klunk, Brushtown club; Miss Teresa Murren, Hanover R. 4, and Paul Kukin, Aspers, local leaders and Assistant County Agent John D. Naugle.

Full details will be announced by the committee at a meeting of the full county 4-H senate Thursday evening at 7:30 o'clock at the Arendtsville National Bank building.

Not Going To File Weapons Charge

Jesus Tapia Cirino, Aspers R. D., paid a fine of \$10 and costs Monday on charges of disorderly conduct brought against him by Daniel Coleman, an employee of the Dorsey-Stanton American Legion Post, as a result of an altercation Saturday night.

Tapia paid the fine and costs before Justice of the Peace Robert P. Snyder and was released from jail where he had been held since the charge was placed. Police had considered a charge of carrying a concealed weapon when they found Tapia had a knife with a four-inch blade concealed behind his belt, but accepted his defense that he used the knife in his nursery work.

Other witnesses said they had never known Tapia to have a knife, nor did he display it in the altercation. The police and the justice however warned Tapia and asked him to warn other Puerto Rican migrant workers to "leave the knives behind" when they come to Gettysburg or charges will be brought against them.

reached a summit agreement the grandfathers had to reach the same agreement.

David had also been scooped by James C. Hagerty, the President's press secretary, at a conference with several hundred reporters from throughout the world at the press room in the Hotel Gettysburg here about 9 p.m. Saturday.

Hagerty told the press: "Then he (the President) invited the chairman (Khrushchev) to 'copter over to his farm and they left David (Camp David, near Thurmont, named for the President's grandson) at 4:33, arriving at the farm at 4:45 — remained at the farm until shortly before six (Saturday evening) and were back at Aspen Lodge at 6:15."

"Accompanying the President and the chairman was the President's son, Maj. John Eisenhower, who is the assistant White House staff secretary; Mr. Troyanovsky, Capt. E. P. Aurand, the naval aide, and two security people in the 'copter."

Declined Church Invitation
"At the farm, after visiting the main house, they then drove over to the President's cattle barn where the President showed the chairman the cattle that he raises, which are Angus."

"They then returned to the house and Mrs. John Eisenhower and the President's grandchildren, David, Barbara Anne, Susan and Mary Jean, were on the front porch and the President introduced the family to the chairman."

Another Gettysburgian also had a story to tell about Khrushchev's visit. Sunday when President Eisenhower attended the services at the Presbyterian Church here, the pastor, Rev. Robert A. MacAskill, inquired about the Soviet premier. President Eisenhower told Rev. Mr. MacAskill that he had invited Khrushchev to attend the church service but that the Soviet leader had refused, saying it would be a shock to his people.

what lack of sufficient funds means — it means everyone loses because there is not enough money to provide the services.

"Again, we are fortunate because we have a dedicated staff willing to do a tremendous amount of work for the library at low pay. If we had to pay what they are worth we could not afford to operate the library. But placing the support on a tax basis may permit them to receive a little more for their efforts for the community."

Serves Thousands
"The library serves 6,000 or more school children through the bookmobile, it also has 8,433 persons registered as borrowers. In addition, with more funds, more centers can be established through the county to permit wider use of books."

"Basically, whether you or I read a book does not matter. We should support the library because

IKE WILL BE ALLEN'S GUEST

WASHINGTON (AP) — President Eisenhower, fighting a cold, plans to fly to the desert country of southern California Wednesday for an eight-day stay.

The chief executive will be the house guest of an old friend, Washington business executive George E. Allen, at La Quinta, Calif., 20 miles from Palm Springs.

Allen and Eisenhower are frequent golfing and bridge companions, sometimes share vacations, and own farms a couple of miles apart at Gettysburg, Pa.

White House press secretary James C. Hagerty said the President hopes to get away late Wednesday afternoon, flying by jet to the Palm Springs airport.

The plan calls for arrival there by 5 or 6 p.m. (PST) after a flight of 5 or 5 1/2 hours.

Eisenhower picked up a cold on his recent trip to Europe and has been trying ever since to shake it off. He told a news conference Monday he hoped to get away for a few days in a desert climate.

grams with eight certified vocational agriculture teachers employed. He said that there has been no change in the teaching staff in five years.

In the Bermudian joint school system, he said, separate programs are conducted in the York Springs and East Berlin units but these will be combined when the new high school is ready for occupancy.

In the last school term, there were 181 boys enrolled in vocational agriculture. This year, he estimated, there are 190. He said 22 farmers are enrolled in the adult program in Gettysburg and 85 in young farmer programs in Biglerville and Gettysburg.

Have Own Farms
Of the 946 total pupils in the vocational agricultural programs to date, Lighter said that 75 now own their own farms in Adams County, 20 rent farms, 48 are in partnership with their fathers, 47 work on farms for wages, 14 are farm managers, 79 are employed in occupations related to agriculture and six are in agricultural colleges. This is not a complete picture, he added, as he has no record of activities of those pupils who have left the county.

In the supervised farm programs, he said, 244 projects were completed with expenses of \$67,286 and receipts of \$95,155. He said that there are six local FFA chapters and that 180 boys were members last year. Three boys won state farm degrees. In carrying out the program, teacher traveled 31,217 miles, made 1,201 farm visits for supervision, made 879 other farm visits and conducted 237 field trips for students.

Lighter supervises the program in both Adams and Franklin Counties. He said that teachers from the two counties meet together monthly to exchange ideas and otherwise co-ordinate their activities.

Authorize Transportation
In other action, the board authorized the superintendent to arrange any needed additional transportation for special education pupils.

M. Francis Coulson, assistant county superintendent, briefed the board on the progress of legislation in relation to school subsidies. Mr. Keefe discussed the need for bonding of board officers and school personnel who handle school funds. He noted that audits are being made by the auditor general's department and said that auditors will likely review the bonding and recommend changes if they feel there is need for them.

The meeting was conducted by Curtis S. Sponseller, president. Present in addition to Sponseller and Wildasin were William M. Lott, Earl B. Hartzell and Lloyd E. Crouse.

Ties For Second In York Open

Dick Sleichter, pro at the Gettysburg Country Club, and Bob Kidd, Moscow, Pa., finished in a tie for second place in the third annual York Open championship Monday at the Yorktown Golf Club course. Both fired 67 scores. Eddie Merrins, of the Merion Golf Club, won the title with a six-under-par 65.

Disturbance Is Reported To Police

Gettysburg College officials have complained to police that a group of boys, believed to be high school students, have been creating a disturbance in the campus area.

Dean Ramsay Jones said one group drove about using profane language in the area of fraternity houses Monday night. The boys are believed to be part of the same group that created a similar disturbance recently.

The report of the disturbance was not made until this morning. Police advised college officials to call immediately in the event of future disturbance. It was also suggested that an effort to obtain the license number of the car be made.

NAB RUNAWAYS

Gettysburg police today apprehended two youths who reportedly had run away from home. They were identified as Chambersburg youths and were returned home.

a member of the auxiliary on the hospital board so that the auxiliary could better interpret the needs of the hospital to the public from first-hand information.

Mrs. Vastine also pointed out that the field of volunteer work for the auxiliaries is a large one and needs to be explored. It includes such services as information desks, library for the patient, hostesses, etc. She also stressed the importance of fund raising to the auxiliary and to the hospital. "There are many new horizons which the auxiliary should interest itself," Mrs. Vastine said. They include health education, where an auxiliary member shadows a department head for a day, and courses in human relations. She complimented the auxiliary on its work during the past year and on its organizational setup.

Finland is the only country still paying on its loans. "As a result of a special agreement with the United States the payments are being used for a cultural exchange program. The only feature of the program is that it does not include music and as a result the Finnish Ballet is coming here on its own."

Miss Forsman brought a display of Finnish art work with her and it will be displayed in the high school the night of October 7 in connection with the concert.

Hal Abbey, representative of the community concert association from New York, urged full support in enlisting members.

An office for the association will be set up in the lobby of the Hotel Gettysburg beginning Wednesday. Mrs. Herbert Schmidt will be in charge. The cost of membership for the season is \$6 for adults and \$3 for students.

Office hours are: Wednesday and Thursday from 1 to 5 p.m.; Friday from 10 a.m. to 6 p.m.; and Saturday from 10 a.m. to 6 p.m.

ern medicines were unknown two decades ago.

Admitting that the new wonder drugs are generally expensive, he said, when those costs are calculated, it should be taken into account that the result of their use is the saving of more lives and the reduction of the length of an illness, making it possible for the patient to return sooner to his job. He said the average prescription costs \$3.06 and the average family last year spent \$33 for prescriptions.

The speaker was introduced by M. Hardy Nichols, programs chairman. President Douglas W. Smith presided at the meeting with 63 Lions and guests in attendance.

The club voted \$10 for Halloween parade prizes and discussed plans for a bus trip to Baltimore to see the Colts and the Cleveland Browns play pro football.

RETURNED TO HOSPITAL

Joseph Mowery, 50, a psychiatric patient who several years ago made threats against President Eisenhower, Monday was returned to the Lebanon Veterans Hospital after fleeing there Sunday. Mowery, of Gettysburg R. 2, had been allowed out of the hospital in custody of his wife, but failed to return. Hospital officials, however, said he was not considered dangerous.

HITS DECISION BANNING BIBLE FROM SCHOOLS

The Rev. William C. Karns, pastor of St. John's Lutheran Church, spoke at the Sunday morning worship service on the subject "Worse Than the Devil," starting that "the only thing worse than the devil is an educated devil." The theme was sparked by the recent decision of the state supreme court prohibiting the reading of the Bible and recitation of prayer in the public school.

He told his congregation, "We used to believe that education was a good thing, that the best thinkers accomplished the most, but that is not the case now, when the highly trained and highly scientific minds are a threat to our civilization. The ignorant savage people of the earth are not the real threat, but those highly educated minds without any sense of ethics or moral values. It is understood that there cannot be religion in the public schools because of the doctrine of the

separation of church and state but why can't the truths that the three major faiths have in common, be taught, when Catholic, Protestant and Jew have so much in common. It is a tragic condition that the lives of men like Hitler and Stalin can be taught but there can be nothing about the life of Jesus Christ."

"Our boys and girls will grow up without the religious culture that made the nation what it is and the nation is great not because of its material wealth but because of its spiritual heritage. We place the words 'in God we trust' on our coins; we sing 'protect us by thy might, great God our King'; and when an official group meets, relative to the welfare of our nation, there is prayer to open the meeting. We acknowledge spiritual heritage but in the public school system, the youth may not be educated to this fact."

The Rev. Mr. Karns announced that Laymen's Sunday will be observed on October 11 at the 10:15 a.m. worship service, when there will be a luncheon rally at 12 o'clock noon for all members of the church and Sunday School. The program following will feature an illustrated lecture by the Rev. Ralph D. Heim, head of the department on religious education at the Gettysburg Lutheran Theological Seminary, who recently completed a trip around the world,

studying the Sunday Schools and churches, and whose lecture will cover this subject.

Donald L. Wolfe was leader at the meeting of the Christian Endeavor Society of Christ United Church of Christ on Sunday evening. The program was as follows: Group hymns, "Leaning On the Everlasting Arms" and "I Need Jesus"; scripture, Evelyn L. Koons; piano solo, Mrs. Harold E. Shoemaker; prayer, the Rev. G. Howard Koons, pastor; topic "Auditing Ourselves," discussed by Ray Reindollar of Hanover; cornet solo, James Sterner, accompanied by George D. Koons; business in charge of the vice president, George Koons; secretary's report, Mrs. Donald L. Wolfe; hymn "O That Will Be Glory"; Lord's Prayer and C. E. benediction in unison. Mrs. James Topper will be the leader for the meeting next Sunday at 7 p.m.

"Elijah, Strong Man for God" was the subject of the topic discussed by Betty Leister at the meeting of the Luther League of St. John's Lutheran Church on Sunday evening. The opening scripture lesson was read by Joanne Beamer. Larry Bair, newly elected president, presided for the business period. Preliminary plans were made to have a Halloween social on Friday, October 23. Brenda Barnes and Joyce Strevig were appointed to represent the

organization at a special meeting on Sunday at 8 p.m. in St. Paul's Lutheran Church concerning planning a Christian Youth Rally for the young people's group of the community. Kathy Miller and Fred Leister will be leaders for the regular meeting next Sunday at 6 p.m.

Fifty-one members were present at the meeting of St. Paul's Luther League on Sunday evening at the church. Robert Benner read the opening scripture and the topic "The Ten Commandments" was discussed by Edward Knipple, president. The group then enjoyed bowling at Bankert's Restaurant and Recreation Center. N. Queen St. Carole Baumgardner and Donna Morelock will be leaders for the meeting next Sunday at 6:30 p.m. At 8 p.m., following the regular meeting, representatives of the local youth groups will meet in St. Paul's to plan a Christian Youth Rally for November.

A white elephant party will be held in connection with the monthly meeting of the Ladies' Auxiliary of the Alpha Fire Company at 8 p.m. on Monday at the engine house. Each member is asked to take a 25-cent gift for the party. The hostesses will be Mrs. Bernadine Rickrode, Mrs. Mildred Worley, Mrs. Edna Olinger and Mrs. Evelyn Basehoar.

FIRE DESTROYS OLD MOUNTAIN SCHOOLHOUSE

A fire of mysterious origin Sunday night leveled a former school near South Mountain as firemen ferried water to the blaze from a distant lily pond.

Destroyed was the large one-story frame building remodeled into a two-family dwelling. It had been untenanted for several years. The isolated structure on Newman Road about five miles north of the Samuel G. Dixon State Hospital burst into flames shortly after 10:30 p.m.

It was sighted by a neighbor, Harry Naugle, Cold Springs, who notified Leo Kauffman, Kauffman called the South Mountain Fire Company.

Oil Odor Suspicious
Mont Alto firemen were summoned and the Samuel G. Dixon State Hospital fire truck also went to the scene.

Mont Alto firemen reported an odor of oil when they entered the blazing building. A probe is under way into the cause of the fire. Helpless through lack of water after pumper tanks emptied, fire-

men set up a shuttle service to the South Mountain lily pond to re-new water supplies.

Woods Endangered
The abandoned building blazed steadily and endangered the heavily wooded area. Firemen stayed at the scene more than two hours to soak the embers and protect trees. Coffee and sandwiches were served the firefighters by the Ladies' Auxiliary of the South Mountain Fire Company.

Firemen identified the owner as William Kimple, Orrtanna. Damage was estimated at only a few hundred dollars since the structure lacked windows, doors and had been abandoned over a period of several years.

Originally, the building was known as the Adams County School. Pupils were transferred to newer schools some years ago. It was remodeled into a two-apartment building and tenanted by two families at one time.

More than 1,200 different languages or dialects have been identified among North American Indian tribes in past centuries.

"REC" BOARD

(Continued From Page 1)

the board members were opposed to a teen center that would be open nightly. Most were of the opinion that there are already "too many activities" on school nights to distract the students from their home work and held that a center which would be open to 10 o'clock each night would "provide another good excuse for not doing home work."

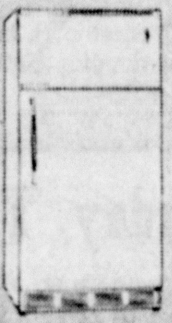

They pointed to the teen-age dances held Saturday night by the recreation program; dances at the high school following home football and basketball games; school plays and practices, Boy Scouts, Girl Scouts, Y-Teens, church youth organizations as among activities "which already provide planned programs of value to children."

Stand "Broke Even"
One director said: "We've already reached the point where our children are wondering not what to do, but how to find the time for all the things they have to do."

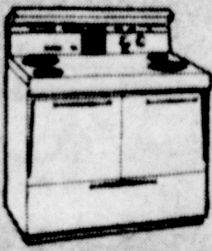

Recreation Director Chester Hilger reported on progress on seeding the infields of the Big and Little League ball fields at Recreation park; plans for a Saturday morning clinic on football for Fifth and Sixth graders; progress of the touch football league and other activities sponsored by the recreation program and plans for continuation during the winter of much the same program offered last year. He reported inability to obtain a baton twirler instructor for a girls' group and said as a result some other activity will be carried on by the group.

A report on operation of the refreshment stand at Recreation Park this summer showed it ended the season with a \$46 "profit" carried over to begin operation of the stand next year. Actually the stand barely "broke even," according to report, because some items of expense were not carried on the refreshment stand account. The board expressed its appreciation on the profitless operation, holding the stand is designed as a convenience and not for profit purposes.

FIFTY YEARS AGO

Contractors And Builders Busy: Contractors and builders continue to put in busy hours as the first days of the Fall season pass by and they are hurrying along work on the many building operations in town.

The foundation for the new home of Mr. Biddle on Water street has been completed. The house, which is to be a handsome building, has a concrete foundation.

Thought not fully completed Amos Eckert is moving into his new home on Springs avenue. The residence is one of the many substantial new structures erected in that part of town.

The stone walls of the new bank building are approaching their destined height and the large steel supports for the roof are being put in place. The real beauty of the building will be shown only after the portico has been erected.

Mrs. Richard's new home on Springs Avenue is being hurried along. Quite a large amount of her goods has been stored on the attic of the new home, the remainder being put away until the house is fully completed.

The handsome stone front house of N. H. Musselman on East Middle street presents an imposing appearance and is one of the finest residences in that part of town. The building is large and commodious and has been pushed right along.

The new addition to John M. Warner's building at the corner of East Middle and Baltimore streets is being hurried. It is now under roof and the interior work will be completed as fast as possible. As noted in these columns some weeks ago the first floor will be for moving picture purposes and the second will be used for flats.

The brick residences on York street being erected by Frank and Edward Schriver have reached above the second floor now and here too the workmen are making good time.

Other building improvements are numerous and Gettysburg is showing the effects of a busy summer. Almost every visitor comments upon the great number of new residences and remodeled old ones which may be seen on almost every street.

The Sedgwick Monument Site:

The Sedgwick Monument Commission met here today to decide upon a site for the equestrian statue to Major General John Sedgwick for which the Connecticut Legislature recently appropriated \$25,000. A site near Sykes' and Sedgwick's headquarters on Sykes' avenue received the most favorable consideration.

Post Office Burglarized:

The post office at Cashtown and store of D. A. Mickey in the same building were entered at about two o'clock this morning by burglars who secured a small sum of money and some other booty. The work was evidently done by amateurs but there is no clue whatever to the guilty parties.

Today's Talk

IT'S A GOOD WORLD

I look upon this present world as a very good one, regardless of its many faults and disappointments. I would like to have seen some changes long ago, but perhaps in the next hundred years we shall be given a new world and see what changes will make in it. Many things are being planned to make this a better world, but only time will reveal the changes in mind. Great advances have been made in nearly every department in this present world, but it could be much better humanized and more done to lift the burdens from the needy.

When we meet so many happy and successful people, however, the more it dawns upon us that this is a good world, with all its faults. Its opportunities are so great to be helpful in trying to make the most of this present world. The longer I live the more I wonder about this great world. It is such an inspiration. Everything is within the earth that has been put there to bless all mankind. Think of the beautiful things God has planted in this world. How amazing the perfection of all God's creations! Even our greatest scientists and inventors are thrilled at what has been placed within reach as encouragement to the students and able explorers.

We wonder at times why we are not happier, but we must remember that perhaps we are no more than custodians over all the wealth and discoveries that excite us in the reading of our newspapers. We ought to be very humble indeed. God expects so much from us. Let's try and not disappoint Him!

THE TRAGEDY OF AGE

I heard an old man say today:

"A young man gives me orders now;

A beardless youth gets better pay

And tells me what to do, and how.

While I have toiled for forty years,

A stripling enters in the race

And with a single bound appears,

And eagerly usurps my place.

"I've seen them shake their heads at me,

And I have often heard them sigh

As they my faltering hand would see:

"The times, alas, have passed him by;

He isn't what he used to be;

He's lost his grip; and well I knew

That youth at last had conquered me,

As youth, old age will ever do.

"This has been so since time began,

And to the end of time will be

Brief is the working time of man,

Brief as the leaf upon the tree.

The young man comes, the old man goes;

Old eyes, old brains, old bodies fail.

Beyond our powers the struggle grows,

Old age drops out. So ends the tale."

FRUITED LAMB CHOPS

Fruits are such a natural accompaniment to both pork and cured pork that we sometimes forget how good they are when combined with other meats such as beef, lamb, and veal. But once tasted, such a fruit and meat combination is a never-to-be-forgotten treat. Not only do we have a perfect wedding of flavors in these Fruited Lamb Chops, but the fruits are also used as a main part of the dish: though they are not pictured here, they can either be spooned on top of each chop, or they can be served on the side.

Shoulder lamb chops — both arm and blade — can be prepared in a variety of ways; possibly that is one good reason for their popularity. Many people pre-

fer having them broiled or pan-broiled while others like the idea of braising them in order to introduce a variety of flavors, depending upon individual preferences. So whether you like a combination of lamb and mint, lamb and garlic, lamb and tomato, or lamb and fruit, you are sure to find something that meets with your approval because these are just a few of the most popular combinations.

Lamb is no longer a seasonal meat because it is available to us the entire year. Naturally, certain cuts offer better buys because they are less demanded cuts. Shoulder lamb chops come because that heading. You will find them to be easy on your food budget as well as offering some mighty good

eating. Here is a recipe for Fruited Lamb Chops: select 4 lamb arm or blade chops that have been cut 3/4 to 1 inch thick. Combine 1 teaspoon salt and 1/2 teaspoon pepper with 2 tablespoons flour. Dredge the lamb chops in the seasoned flour and brown in 2 tablespoons lard or drippings. Pour off the drippings and add 1 cup dried apricots, 1 cup pitted prunes and 1/4 cup water. Cover tightly and simmer 45 minutes to 1 hour or until chops are tender. This recipe gives 4 servings.

To complete the menu, serve au gratin potatoes, buttered peas and carrots, molded lime salad, and for dessert, cream puffs with your favorite filling; include a beverage, and the meal is complete.

HARRY CRAFT IS DISCHARGED AS MANAGER

KANSAS CITY (AP) — The seventh-place Kansas City Athletics are looking for a new manager. Harry Craft, whose one-year contract expired Sunday, has been dropped.

General Manager Parke Carroll said Monday that Craft, manager of the A's since August, 1957, was "offered a responsible position in our player development program and I hope he stays with the A's."

Craft said he would think it over. Carroll said the new manager wouldn't be named until the Athletics' president, Arnold Johnson, returns from a European business trip in mid-October.

Three Are Mentioned

Three names popped up in speculation among Athletics fans—Leo Durocher, Walker Cooper and Bob Swift.

Durocher recently left a \$65,000-a-year television job to dicker for a place in baseball again.

Cooper, former catcher for the St. Louis Cardinals, Cincinnati Reds and New York Giants, was given his release Sept. 10 after two years as manager of the Indianapolis Indians of the American Assn.

Swift, Athletics coach, has some

playoff game."

The Dodgers have three south-

paw starters, Johnny Podres, Sandy Koufax and Danny McDevitt.

Alton said he would prefer to use them in Chicago's spacious Comiskey Park, and come back to Los Angeles with right-handers Craig and Don Drysdale.

"THE CHALLENGE"

Wherever a challenge exists, my friend . . . man will accept its call . . . it matters not how dangerous . . . or if it's great or small . . . for mankind has an endless thirst . . . that's hard to satisfy . . . and each new accomplishment . . . leaves us just as dry . . . in some ways this is excellent . . . in others, not so good . . . progress is gained, but happiness . . . wears an ebony hood . . . yet who is there among us . . . who will not strive to gain . . . just a little more than what . . . the other folks attain . . . so we accept each challenge . . . I guess we always will . . . try our very best to climb . . . up life's rugged hill . . . some do it for money . . . some have purpose rare . . . others meet the challenge . . . just because it's there.

Dodgers Defeat Braves 3-2 On Relief Hurling Of Sherry; Long Delay

By DAVE O'HARA
Associated Press Sports Writer
MILWAUKEE (AP) — Every one tossed bouquets at Los Angeles right-hander Larry Sherry. But Milwaukee loser Carl Willey also came in for his share of praise.

The game was delayed 47 minutes by rain.

Sherry hurled four-hit ball for 7½ innings in relief for a 3-2 victory over the Braves Monday in the opener of a best-of-three series for the National League pennant.

Willey, who hadn't started a game for a month, was the surprise choice of manager Fred Haney. He did a creditable job, although tagged for all three Los Angeles runs in six innings before being lifted for a pinchhitter.

"I have that one satisfaction—the kid went out and pitched a good game for us," Haney said in lauding Willey. "He only gave up three runs and you can't do much better than that unless it's a shut-out."

Willey's teammates trooped up to the slender right-hander from Cherryfield, Maine, to tell him he did a "great job."

The Braves also had many fine words for the performance of the pitching of Sherry. Over in the Los Angeles clubhouse, everyone talked of the great performance by the 23-year-old hurler in relief of starter Danny McDevitt.

Surprised By Call
"I was surprised when I was pulled by (manager) Walt Alston so quickly, but I'm glad he did," McDevitt said. "I don't think anyone else could have done the job Sherry did unless they pitched a no-hitter."

The Braves were disappointed but not discouraged.

"We've been doing it from the back end all year long and now we have to keep going and win," Haney said philosophically.

"This is going to the end," said third baseman Eddie Mathews who still is seeking his 46th homer to break a deadlock with Chicago's Ernie Banks for the major league's top spot.

Alston named Don Drysdale (17-13) as his pitcher today in Los Angeles, hopeful of wrapping up the championship.

Haney called on fidgety Lew Burdette, a 21-game winner, to send the Braves into a decisive third game.

LEN MATTHEWS EYES BIG BOUT

PHILADELPHIA (AP) — Two down and one to go. That's the theme in the camp of lightweight contender Len Matthews following his victory over Paulie Armstead Monday night.

Armstead last January handed Matthews his first loss. Ray Lancaster held Matthews to a draw but was knocked out in the second round of their return match.

Carlos Ortiz, the No. 1 challenger for lightweight champion Joe Brown's title, is the only other boxer to have blotted the Matthews' record. He stopped Len in five earlier this year.

If Manager Tony Graziano has his way, Matthews will meet Ortiz here again later this year. Graziano said today he felt Matthews was ready even though the 20-year-old Philadelphia admitted wasn't sharp in Monday night's 10-round bout.

The three officials scored it 48-44, 48-45, and 49-42. Neither fighter was down or in trouble.

Armstead, 22, wouldn't dispute the decision.

The victory made Matthews record 21-2-1. Armstead is 26-7-1.

1ST ALL-EAST GRID SQUAD IS SELECTED

NEW YORK (AP)—A backfield made up of Army, Columbia, West Chester State and Trinity athletes was chosen on the first of the weekly All-East teams selected by the Eastern College Athletic Conference today.

Dave Sarette, Syracuse quarterback, was named sophomore of the week for his performance against Kansas. He completed nine of 13 passes for 117 yards in the 35-21 victory.

The backfield is made up of Joe Caldwell, Army, quarterback; Harvey Brookins, Columbia, and Bill Shockley, West Chester, halfbacks; and Bob Johnson, Trinity, fullback.

Caldwell Highlight

This quartet scored nine touchdowns and gained more than 600 yards in the four weekend games in which the players participated, with Caldwell's four - touchdown performance in the 44-8 Army victory over Boston College the highlight.

Brookins gained 124 yards and scored twice against Brown. Shockley scored 18 points against Mansfield State, and Johnson averaged better than nine yards per carry for 152 yards against Williams.

The remainder of the All-East team is made up of Bob Sims, Rutgers, and Charles Martin, Tufts; Harry Oliver, Yale, and Ron Erchul, Navy, Tackles; Vin Promuto, Holy Cross, and Bob Butz, Muhlenberg, guards, and Tony Losapio, Albright, center.

BIG SHAKEUP IN TOP TEN; LSU HOLDS ON

By WILL GRIMSLEY

Louisiana State's defending national champions clung tightly to their No. 1 position but the rest of the top ten underwent a spirited shakeup today in the second weekly Associated Press college football poll.

Northwestern wrestled the runner-up spot from its Saturday victim, Oklahoma, and Oklahoma dropped from sight. The Sooners, beaten 45-13, weren't listed among the first 20 teams—their lowest estate in years.

Meanwhile, Iowa, Georgia Tech, Notre Dame, Tennessee and Texas moved into the select group. Auburn, Southern Methodist, Wisconsin and Texas Christian—like Oklahoma—tumbled.

Mississippi, 16 - 0 victor over Kentucky, jumped a rung to the No. 3 position, followed by Army, 44-8 conqueror of Boston College, and Iowa, which crushed California 42-12.

Clemson, easy 47-0 winner over Virginia, dropped from fifth to sixth for no apparent reason and then came another Southern power, Georgia Tech, 16-12 upsetter of Southern Methodist. Clemson and Tech meet Saturday.

Notre Dame, which smashed North Carolina 28-8 under new coach Joe Kuharich, took seventh place. At No. 8 was Tennessee, which ended Auburn's prolonged unbeaten streak 3-0, and Texas, which rolled over Maryland 26-0.

L.S.U., 10-0 winner over Texas Christian, drew only 48 of the 86 first place votes from the country's sports writers and broadcasters and amassed a total of 794 points—well below last week's 1,105.

The top ten, with total points based on 10 for a first place vote, 9 for second, etc. (first place votes in parenthesis):
1. Louisiana State (48) 794
2. Northwestern (20) 647
3. Mississippi (4) 643
4. Army 366
5. Iowa (4) 359
6. Clemson (7) 336
7. Georgia Tech 267
8. Notre Dame (1) 239
9. Tennessee 229

Xavier Snares 48-20 Win Over Villanova

CINCINNATI (AP) — Xavier of Ohio found Villanova a soft touch in the first half Sunday and tamed the Wildcats, 48-20, in a lopsided football upset.

Xavier's light cavalry rocked Villanova for two fast touchdowns then the Musketeers took to the air with repeated strikes that set up a 34-7 halftime advantage.

Hard Hitting

Villanova quarterback Ed Roehre scored one touchdown and completed a 36-yard pass to Frank Ficca for another.

Ron Costello, second string Xavier quarterback, passed for three touchdowns and Ed Thomas, third stringer, passed for two others.

Thomas also kicked six conversions.

Lost Other Playoffs

In 1946, they lost two straight to St. Louis and five years later they dropped the rubber of a three-game series to the New York Giants.

A slim gathering of 18,297 on a dreary, rainy afternoon saw the Dodgers get a brilliant pitching exhibition from rookie Larry Sherry in Milwaukee Monday.

Manager Fred Haney in a last-ditch battle to keep the Braves' flickering hopes alive, also went with his best right-hander. Haney pinned his hopes on Lew Burdette, a 21-game winner. The Braves' game was scheduled to start at 4 p.m. Eastern Standard Time with ABC television coverage.

Haney Picks Burdette

Manager Fred Haney in a last-ditch battle to keep the Braves' flickering hopes alive, also went with his best right-hander. Haney pinned his hopes on Lew Burdette, a 21-game winner. The Braves' game was scheduled to start at 4 p.m. Eastern Standard Time with ABC television coverage.

Haney, whose theme all season long was "we'll play them one at a time," declined to say who would pitch the third game should the Braves pull even but it was regarded as a certainty that his choice would be Bob Buhl, a Dodger tamer from "way back."

Haney gambled and lost in the opener although he got a well-pitched game from Carl Willey, who has won only five games all year.

Fred had been expected to open with Burdette but a look at the past performance sheet shows why he didn't. Fidgety Lew has a 2-11 lifetime record against the Dodgers at Milwaukee. He is 2-0 against them at Los Angeles this year.

A crowd of 50,000 or more was expected to turn out at the Col-

Biglerville Hg's junior varsity

laced the Hanover jayvees for the second time this season by coping a 34-0 decision at Hanover Monday afternoon.

After a scoreless first period, the Cannons scored three times in the second frame. Early in the quarter Don Wright, who fired three TD passes, whipped a 20-yard aerial to Wilson Harmon.

Perry Mickey booted the first of four straight placement conversions.

The second score came following a Biglerville drive with Harmon shooting through right tackle from the four.

Gary Fair accounted for the third TD on a 15-yard end run just before the half ended.

Wright hit Fair with a 30-yard pass for another tally in the final period.

Another pass-play, covering 40 yards, from Wright to Dick Boyer, added the last Biglerville six-pointer. Mickey attempted to run for the point but was stopped.

Biglerville will be idle until October 20 when Delone will be met at McSherrystown at 7:30 p.m.

VIN RICHARDS, WONDER BOY OF TENNIS, DIES

NEW YORK (AP)—Vinnie Richards, the one-time boy wonder of tennis who died Monday night, used to laugh when describing his career.

"You know," he'd say, "I figure I played about 14,000 matches, and in each one I ran about four and a half miles. That means I ran 56,000 miles or about twice around the world."

Richards died in Doctors Hospital of a heart attack. He was 56, and although one of the great players of the world, he spent most of his days in the shadow of the great Bill Tilden.

Vinnie, vice president of a tire and rubber company for two decades, was 10 years Tilden's junior. Yet their careers ran almost on a parallel.

Topped Tilden Wins

"I kept track of all the matches I had with Tilden," Richards once said with obvious relish. "We played each other 1,02 times and I won 502 of the matches. I'll bet not many other players can brag that they hold the edge over Tilden."

Richards' name shows in the Olympic record book — somewhere Tilden couldn't boast of. Tennis was on the Olympic Games' program only once. That was in 1924, and Vinnie swept through the likes of Manuel Alonzo of Spain and Rene Lacoste and Henri Cochet of France to win the singles. He also shared the doubles titles with Frank Hunter.

Vinnie was tagged the boy wonder when he teamed with Tilden to win the National Doubles championship in 1918 at the age of 15. Tilden was 25 and beginning his rise in the game.

Twenty-seven years later, when he was 42, Richards won his last championship, the professional doubles, and fittingly, his partner was Tilden.

Hershey High School, pre-season favorite to win the South Penn Conference title, chalked up a victory Monday evening by topping Waynesboro 14-6 at Waynesboro.

The teams played half of the game last Friday but a power failure at intermission necessitated Hershey returning to Waynesboro on Monday to finish the game. At half time Friday Hershey led 7-6 and the Trojans added another touchdown in the third period Monday to clinch the evenly contested game.

DUDAS COPS CROWN

PHILADELPHIA (AP) — An 18-foot putt on the final hole Sunday gave Stan Dudas his second Philadelphia Professional Golf Association championship.

Dudas, of Philadelphia, defeated Sam Penecale 1 up in 36 holes at the Philmont Country Club. The winner had trailed three down at the end of 29 holes.

In winning, Dudas received \$500. He won the tournament in 1953 and finished second last year.

ALYNE WHALEN IS DESIGNING WOMAN TODAY

BY DOROTHY ROE
Associated Press Women's Editor

For a designing woman, no doors are closed.

Take Alyne Whalen, for instance. She's a designer, but she wouldn't be caught dead choosing ash trays and bibelots for somebody's apartment.

Alyne works on a big scale. Her specialty is race tracks.

This smart, attractive, well-dressed blonde doesn't feel really comfortable unless she's working with quantities such as 50,000 gallons of paint — the amount she used on New York's fabulous new Aqueduct race track. She orders carpets by the acre and identifies colors by number.

Started in Retailing

"I started out in retailing," she says, "studied it in college and worked five years before I decided this was not for me. Then I went back to college and took architecture and engineering, at Columbia University in New York, N.Y., and U.C.L.A. When I was through I opened my own firm in Los Angeles, and have been happy as a clam ever since."

In addition to Aqueduct, Miss Whalen has designed the Hollywood Park track in California, Roosevelt Raceway on Long Island and the Hippodrome National track at Caracas, Venezuela.

Despite her preoccupation with race tracks, Alyne is no horse player.

Can't Figure Odds

"I'm too busy to go to the races, after I get the tracks finished. And when I do go, I always lose. I like the color and the spectacle, but when it comes to figuring odds, I'm just a square."

At Aqueduct Miss Whalen has used bright color in bold masses, both outside and inside, giving a look of light and gaiety to the grandstands, the clubhouse, the dining rooms and the parimutuel halls.

"Color has a lot of effect on the way people feel," she says. "When they go to the races they should feel gay and festive. There's enough gloom around when they lose on their bets. So I have used bright colors to lift the spirits of the crowd. It works too."

Pennsylvania Man Wins Driving Title

LOUISVILLE, Ky. (AP) — Howard J. Pudliner of Catasauqua, Pa., won the three-axle class title Saturday night in the National Truck Rodeo finals.

Pudliner, five times Pennsylvania champion, weaved his truck through six complex problems to win his first national title before more than 2,000 spectators. He is a driver for a firm working out of Allentown, Pa.

Pudliner won a trophy and \$50 a month from the sponsoring American trucking association.

William S. Broadbelt of Rutledge, Delaware County, Pa., was runner-up in tank truck competition.

YORK AIRMAN KILLED

WASHINGTON (AP) — Airman 2C Carl F. Thomas of York, Pa., was one of 16 persons killed last Thursday in the crash of a commercial airliner in the Aleutian Islands, the Defense Department reported over the weekend.

Driver Who Fled Crash Surrenders

STROUDSBURG, Pa. (AP) — A Pocono Summit man has surrendered to state police as the driver who ran over one of two men killed in a sports car crash Saturday.

Theodore R. Binkley, 27, was charged Sunday with leaving the scene of an accident after admitting to police he fled in panic. He is free on \$500 bail.

Killed in the accident were Carl M. Smith, 19, of East Stroudsburg, and Phelps Prescott, 18, of Shawnee-on-Delaware. Binkley allegedly hit Smith while he was lying on the pavement.

BUS DRIVERS GO ON STRIKE

SCRANTON, Pa. (AP) — Scranton residents felt the full impact of a bus strike Monday.

About 125 employees of the Scranton Transit Co. struck at midnight Saturday with the expiration of the company's contract with Division 168, Amalgamated Association of Street Electric Railway and Motor Coach Employees.

A meeting Sunday between union and company representatives adjourned without settlement or plans for further talks.

Virtually the only people affected by the first day of the strike Sunday were churchgoers.

Want Wage Boost

The union is seeking a 27-cent hourly boost in wages. Under the expired contract, drivers received \$1.80 an hour and mechanics \$1.90.

Company President Harry Weinberg said he could not meet the demands unless he received approval for a fare boost.

Weinberg also indicated that the company might go out of business on or about December 1.

The Public Utility Commission is considering the fare increase.

Man Faces Charges In Munitions Theft

HARRISBURG (AP) — Douglas E. Garver, 34, of nearby Enola, faces federal court action on a charge of stealing 10,000 rounds of 22 rifle ammunition owned by the government.

Garver, arrested Saturday, is accused of stealing the ammunition Friday from a Harrisburg truck terminal where he is employed. The bullets were consigned to the Army ROTC unit at Pennsylvania State University.

LONDON (AP) — The official Soviet news agency Tass asserted Monday international tension will continue until the West recognizes that Red China must take part in any cold war settlement. The statement was made in a Tass commentary marking the 10th anniversary Oct. 1 of the Communist takeover in China.

WORLD ON WHEELS

By FLOYD CLYMER

IMPORTED CAR HIGHLIGHTS

Foreign cars (ones made in countries other than Japan) have been barred for display in the in Tokyo . . . Of all cars in the smaller imported car category NSU-Prinz seems to be enjoying the fastest gain in sales . . . "New U.S.-built small cars will not affect British car sales," said Sir Saville Gardner, United Kingdom high commissioner, recently in Canada. He stated that the manufacturer of smaller and more compact cars in the United States by the "Big Three" should not worry British car manufacturers for Canadian automotive dealers. According to Sir Saville Gardner, the North American car is really in competition with their constructors' large models. He further stated the sales of British-built cars are rising in Canada and that there are no signs that British manufacturers or dealers will be hurt . . . Volkswagen recently took a group of motor journalists and automotive editors on a tour of Germany. The newsman visited the Frankfurt Automobile Show, Bonn, the capital city of Germany, West Berlin, where they had an interview with Mayor Brandt. The tour also included visits to the Volkswagen factories at Wolfsburg and Hamburg. The newsmen were gone ten days, and it was the first trip to Europe for many of them.

MISSOURI TAKES LEAD IN SMALL CAR MANUFACTURING

Chrysler Corporation is now tooling up in its St. Louis plant for the production of their new small car, the Valiant. As a result, Missouri will rank ahead of Michigan insofar as total small car assembly units are concerned. The Valiant will also be manufactured in the Dodge plant at Detroit . . . Ford's Falcon will be manufactured at Lorain, Ohio, Kansas City, Missouri, and San Jose, California. Early in 1960 it will be assembled at Ford's Metuchen, New Jersey, plant . . . The Corvair is being manufactured in the Willow Run plant near Detroit (the old Kaiser-Frazer plant), at Kansas City, Missouri, and Oakland, California . . . The Rambler, manufactured at Kenosha, Wisconsin, claims to have the largest manufacturing plant in America where one make of car is manufactured . . . The Lark is manufactured in the South Bend, Indiana, plant of Studebaker . . . In the sale of four-door sedan models Rambler has become a serious competitor for Ford and Chevrolet, and has edged ahead of Plymouth for third spot in this

FORD PLANS to build 100,000 Falcons by December 31st. If they do, and they well might, this would be approximately the same number as Volkswagen anticipates selling in the U.S. for the year of 1959 . . . There is a possibility of American Motors Corporation returning to the assembling of 1960 Ramblers in Canada. The company discontinued assembly operations in its plant in Toronto about two years ago. Since that time all Ramblers and Americans sold in Canada have been imported . . . Chrysler, who has always had a good percentage of U.S. Army orders for cars, trucks, guided missiles and other equipment, has just received an order from the Canadian Army for \$305,000 worth of dump trucks . . . Willys of Argentina, which is an affiliate of the Industrias Kaiser Argentina, is soon expecting to produce a medium-sized passenger car for sale in South America. This is in addition to the Kaiser Carabell and the Jeep. In 1960 they will produce a small car with an Alfa-Romeo body mounted on a Willys chassis. The Kaiser plant in Cordova, Argentina, has a 50,000 unit annual capacity.

TEEN-AGERS INFLUENCE CAR SELECTION

According to Scholastic Magazine's 1959 Young Market Consumer Survey, most teen-agers expect to influence their parents in the purchase of new cars. Among junior high school pupils the girls felt that their advice would carry more weight than the opinions of their brothers in the purchase of a new car.

According to the survey, the most popular cars were Chevrolet, Ford and Plymouth, with imported small cars and American compact cars ranking next, in that order. In the senior high school set, the girls voted Ford the most popular car, but Chevrolet ranked ahead of Ford with the senior boys. Most of the students stated that they drove their family car almost daily and that they bought gas once or twice a week.

State Girl's Note Printed In Pravda

MOSCOW (AP) — A Lebanon, Pa., school girl's letter has reached Nikita S. Khrushchev through the pages of Pravda. The Soviet Communist Party Newspaper carried the message in an edition Monday hailing the return of the Russian Premier.

It read: "Come here at least for a few minutes to say hello to us. Father said he would cable my letter to you. We love you very much. We love your Russian children very much."

"Safety" license plates are in the news again. From Lansing, Michigan comes a report that Michigan, comes a report that state to issue safety plates. They are designed as protection against rear-end crashes for cars parked or stalled without lights.

The plates are covered with reflective material similar to that used on traffic signs. By day, the plates look like ordinary plates, but at night they brilliantly reflect the headlights of approaching cars. Some of the plates are visible from as much as 2,000 feet away.

Safety plates are issued by Maine (since 1949), Delaware (1950), Louisiana (1955), Minnesota (1956), South Dakota (1957), Wyoming (1957) and North Dakota (1958).

Test In Other States

They also are being tested in other states. New York and Vermont have installed safety plates on state police cars, and Iowa is testing them on some state-owned vehicles and all vehicles in Polk County, the state's largest. Tests of safety plates are reported to be underway in Massachusetts, New Mexico, South Carolina and Washington.

Colorado has been conducting county-by-county experiments and the new plates are under study in Ohio, Montana and Rhode Island. In the latter state, the plates have the support of the state auto club and of numerous safety and business organizations.

The reason for the growing interest of traffic and safety authorities in safety license plates is found in accident statistics. The National Safety Council reports rear-end crashes account for 23 per cent of all highway fatalities and that three times as many people are killed by motor vehicles at night as during daylight, on a mileage basis.

Rear-end Crashes

Charles Prisk, head of the Institute of Traffic Engineers, calls rear-end crashes "the Achilles heel of modern roads." He warns that, unless ways are found to prevent such accidents, new high-speed highways will be as dangerous as the older roads.

A study of accident records in Minnesota shows that safety plates, by giving earlier warning of unlighted cars or those with defective lights, help to save lives and prevent smash-ups.

During the two years the plates have been in use there, night fatalities declined 3.8 per cent in comparison with the three preceding years. At the same time, mileage driven was up 11 per cent and daytime fatality rates increased 18 per cent. For all types of accidents, state authorities credit the safety plates with reductions of 10 to 66 per cent. The additional cost of safety plates — around 50 cents a set — is passed on to motorists in several of the states. Surveys indicate that the public favors them and considers and extra cost a small price to pay for preventing accidents.

Va. Typhoid Victim Gives Birth To Son

WINCHESTER, Va. (AP)—Mrs. Rosetta Bolden, the ninth typhoid case in a recent outbreak of the illness, is reported in good condition today after giving birth to a son.

Mrs. Bolden, the wife of a migrant fruit picker, came to a hospital here Saturday expecting to give birth to a child. She tested positive on a typhoid check. An hour later her son was born.

The affected group told doctors they may have been infected by drinking foul-tasting water from a well at a labor camp near Chambersburg, Pa., before moving into the Winchester area. One person died.

New Groups Formed

Three new musical groups formed in the Fairfield Joint Schools this year under the directorship of Cashmore are the senior high boys quartette, the junior girls' ensemble and the junior high mixed double quartette. Personnel for these groups is being selected.

A new club, the Student Conductors Club, with members of

the music department eligible for membership and with Cashmore acting as the club advisor, is in the formative period and will function during this school year.

Contests conducted in vocational grades 9-12 for the best arrangements of flowers were won by Sandy Labofish, Kay Ramer and Ann Sanders, as announced by Mrs. Paul Claypool, teacher of home economics. The winners for the flower arrangements in the two sections of the Seventh and Eighth grades were Nancy Naugle, Louise Graff, Linda Weikert, Ruth Dagenhart, Janet Stem, Margaret Deardorff, Faye Strayer, Linda Staley, Linda Moritz, Vonnice Adelsberger, Orella Gembe and Amandy Bobo.

Only playing manager in the Eastern League this season is ex-Yankee catcher Charlie Silvera with Binghamton, N. Y.

BILL TO BEAT CHAIR BEATEN

HARRISBURG (AP)—A proposal to abolish capital punishment in Pennsylvania has been defeated in the Senate by a vote of 12-34. Sen. Harry E. Seyler (D-York) offered the plan Monday as an amendment to a measure which would allow the jury to fix the sentence for murder convictions. The bill to change the sentencing requirements was approved 31-16 and sent to the House.

Seyler said his amendments would remove the regular parole provisions for a convicted murderer but still would allow the governor to commute the sentence. There is no evidence to support the view that the death penalty acts as a deterrent," he declared. Sen. Thomas A. Ehrgood (R-

NAGASHIMA, Japan (AP)—This central Japanese town of 7,000 people was a prosperous farming community lying between two peaceful rivers running into the Pacific—until Saturday.

Now it is a hell hole. Battered bodies—human and cattle—float in muddy, brown floodwaters that enveloped 95 per cent of Nagashima when Typhoon Vera turned the rivers into raging killers.

The stench of death is everywhere.

Worst Disaster
Nagashima is typical of many Japanese cities, towns and villages. The total of confirmed dead

Lebanon) argued that the proposal should be in a separate bill and not in the form of an amendment. Under the bill the jury would first decide whether or not the defendant was guilty of murder. If the verdict were guilty, the jury then would return to the courtroom to hear any additional evidence or statement concerning the penalty.

If the jury could not then agree on a sentence, the judge would dismiss the jury and sentence the defendant to life.

Bible Readings In State Schools Eyed

HARRISBURG (AP)—The House Rules Committee has approved a bill permitting Bible readings in the state's public schools.

The measure, sent to the floor Monday for further action by the full house, would leave to the discretion of the individual teacher whether to read Bible passages daily in class.

Present law making readings mandatory was held unconstitutional in a ruling by a three-member panel of federal judges in Philadelphia earlier this month.

in the nation rose today to 1,710, with 1,980 missing. The typhoon was one of the worst natural disasters ever to hit the Japanese islands.

Nobody knows yet how many died in Nagashima. After four days, police and rescue workers are still unable to reach many isolated patches of ground.

On one patch of dry ground men, women and children huddled together, some weeping and moaning, some too shocked to whimper.

Extreme Hardship
Some wore only underclothes. All were smeared with mud. They stood or knelt by bodies for which even straw covering was not available.

Most survivors in Nagashima haven't eaten in 3½ days.

FUNERAL SET FOR MUNFORD

CHATHAM, Mass. (AP)—A funeral service will be held at the First Congregational church Thursday for Walter F. Munford, president of U.S. Steel Corp., who died Monday four days after a cerebral stroke.

The 59-year-old executive, who started at the open hearth in 1923 Pittsburgh.

and became Big Steel's \$250,000 a-year president last May 5, suffered the stroke at Cape Cod Hospital, Hyannis, last Thursday.

Knife Accident
He had been admitted the day before with a knife wound in the abdomen suffered when he slipped on a waxed kitchen floor and fell on a knife. Dist. Atty. Edmund Dinis said he is satisfied the wound was an accident.

The Munfords had spent their summers at Chatham for 12 years. Their winter home is in Pittsburgh.

NIKITA MAY HAVE NIXON ON "BLACK LIST"

By JACK BELL

WASHINGTON (AP) — Nikita Khrushchev appears to have nominated Vice President Richard M. Nixon as one of the Americans he says do not want to end the cold war.

The Soviet Premier left the broad implication in his Moscow homecoming speech that he regards Nixon as aligned with what he said are U.S. forces working "against easing international tensions."

While he praised President Eisenhower for his "statesmanship, wisdom and courage" and as a man who wants peace, Khrushchev said a speech Nixon made in New York Sept. 14 "was not of a healing nature."

Friends Undisturbed

"He added cold to toothache," Khrushchev said.

Nixon told the American Dental Assn. the day before the premier's arrival in this country that while Americans should be courteous and polite to Khrushchev, they should not hesitate to talk back to him on major controversial issues.

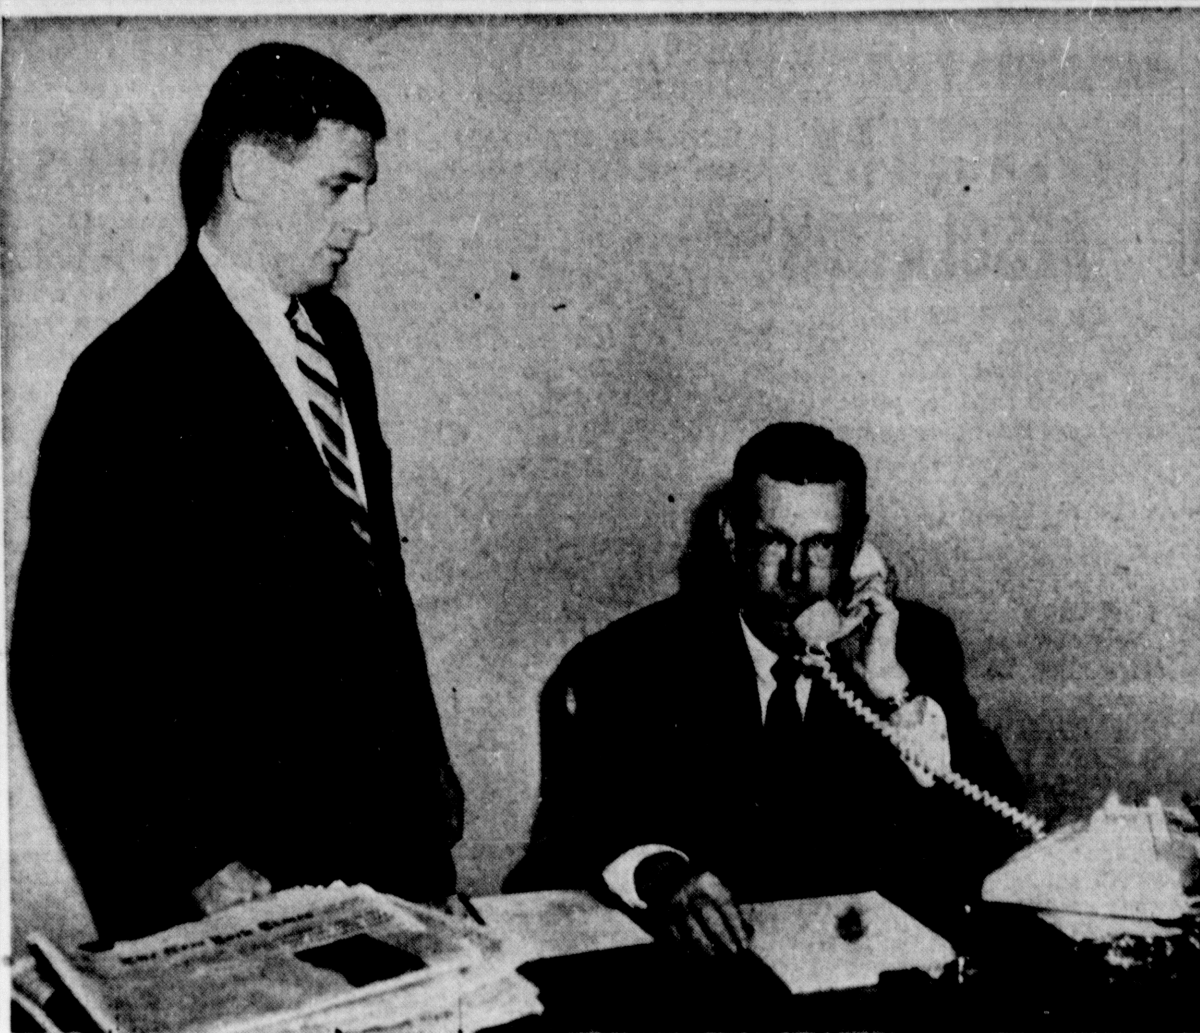

Nixon publicly ignored Khrushchev's comment, and apparently it did not disturb friends who are backing him for the 1960 Republican presidential nomination.

The Nixon camp seemingly is happy to have their man identified as one of those who talked tough to the premier in Moscow and didn't let down his guard when Khrushchev put on his all-for-peace campaign in touring this country.

VIENTIANE, Laos (AP) — Government troops have driven pro-Communist rebels across the Nam Ma River in northern Laos, five miles from the border of Communist North Viet Nam, a pilot reported Monday.

A pilot who carried military supplies to the north said that three days ago government forces, after little rebel resistance, recaptured the town of Muong Het, 30 miles north of the royal army's headquarters at Sam Neua and only five miles from the frontier.

Recovery of Muong Het would be a major achievement for the government. It was the first town to fall in the Lao advance of Aug. 30, the biggest operation of the 10-week-old war.

Press Secretary James C. Hagerty, seated, is shown using the telephone which represents the United Telephone Company's 100,000th installation at Gettysburg press headquarters for the historic Camp David meetings between President Eisenhower and Khrushchev. John Caldwell, Gettysburg district manager, watches with interest as Hagerty uses the 100,000th phone for the first time.

Youth, 14, Awarded 4-H Plowing Trophy

UNIVERSITY PARK, Pa. (AP) — Fourteen-year-old John D. Bomgardner of Annville R. 1, Lebanon County, is the new state 4-H plowing champion.

John defeated three older boys for the title Saturday on the Pennsylvania State University farms. He was awarded a trophy.

Runners-up were Edward H. Brothers Jr., 16, Manchester R. 1, York County; Burdell Troxell, 17, Andreas R. 1, Schuylkill County; and Alvin Diamond, 19, Smithfield R. 2, Fayette County.

BUY RADIO STATION

AKRON, Ohio (AP) — Purchase of radio station WHKK was announced Monday by Susquehanna Broadcasting Co.

A Susquehanna spokesman said more than \$600,000 was paid for the station, owned by Philip Herbert of Akron. The sale is subject to approval by the Federal Communications Commission.

Susquehanna operates two stations in Pennsylvania, WSBA in York and WARM in Scranton.

Eight major leaguers have batted .400 or better since 1900.

NEW BILL FOR HORSE RACING

HARRISBURG (AP) — The House Rules Committee Monday sent to the floor for action a measure permitting horse race betting at tracks in Pennsylvania.

It was an old bill under entirely new colors. Originally, the measure would have provided for a statewide referendum on the issue, but it was scratched in a disagreement over just when the referendum would be held.

In its new guise, a copy of the bill was not immediately available but Rep. H. J. Maxwell (D-Westmoreland), its original sponsor, said it had been rewritten along the lines of a harness racing bill passed by the House last week.

The harness racing bill would put the question up to a local referendum only in counties where parimutuel betting machines were to be installed. A state harness racing commission would supervise the over-all operation.

The Maxwell bill could be brought to a vote today. When it was sent to the Rules Committee

Spouse Of Callas Seeks Separation

BRESCIA, Italy (AP) — The husband of opera star Maria Meneghini Callas is seeking the nearest thing to a divorce permitted in Italy—legal separation.

Giovanni Battista Meneghini, 62, filed suit against the temperamental, 35-year-old prima donna, saying the marriage was on the rocks "for reasons depending on the fault of the wife herself."

Italian law prohibits divorce. Even if a legal separation is granted, neither Meneghini nor Miss Callas would be free to remarry in Italy.

The suit did not mention Greek shipping magnate Aristotle Onassis, whom Meneghini earlier blamed for the breakup of his 10-year marriage to the singer.

Larry Schmitt of Waltham, Mass., son of Harvard line coach Ted Schmitt, has been granted a scholarship to the University of Pittsburgh. He plays football.

June 22—ostensibly to be killed—it already had been considered twice and was in position for a final vote.

THIRD BELT IN RADIATION IS FOUND IN SPACE

WASHINGTON (AP) — A third belt of intense radiation around the earth has been discovered by America's paddle wheel satellite. It adds a potentially dangerous new hurdle for any future space traveler.

The new radiation belt is closer to the earth than the two previously discovered Van Allen belts and it is not as thick.

"You wouldn't want to orbit a satellite at that altitude, and if you did it would get pretty contaminated," said Dr. John Simpson, University of Chicago physicist.

Varying Thickness

But since the third belt is only 310 miles thick, he added, it would mean "just a flick of the meter" as a space vehicle shot through it. It starts 1,000 miles above the earth.

The outermost Van Allen belt—they are named for their discoverer, Dr. James Van Allen of the University of Iowa—extends from 8,000 miles to 12,000 miles above the earth.

The second Van Allen belt starts at 1,400 miles and extends to 3,400 miles.

SAY RED VISIT RATES CHEER

TOKYO (AP) — Communist China today applauded the results of Soviet Premier Nikita Khrushchev's American tour. In warm words of praise it predicted an easing of world tension.

Khrushchev himself was scheduled to fly to Peiping today for the celebration of the 10th anniversary of the Communist victory on the Chinese mainland. He sent an advance message hailing the Red Chinese revolution as one of history's great events and pledging eternal friendship between Moscow and Peiping.

The anniversary celebration in Peiping opened Monday with a big rally at which Khrushchev's message was read by Mikhail Suslov, one of the Soviet premier's top lieutenants and the head of the Soviet delegation until Khrushchev's arrival.

Other speakers included leading Latin American Communists, all of whom attacked the United States.

Why we built two cars for 1960... as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance... a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long... and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength... it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's... take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

BURGESS ASKS
THAT WEEDS IN
TOWN BE CUT

Elmer G. Miller Sr., burgess of Littlestown, has issued a request to all property owners within the borough limits to have their weeds trimmed in the very near future; otherwise, the weeds will be cut by borough employees and the cost of the work will be borne by the property holder. Complaints have been received by Burgess Miller about automobile speeding in the borough. Drivers guilty of not traveling at a reasonable rate of speed in town will be apprehended and dealt with by the law.

The Frogtown Homemakers Club will meet on Thursday, October 8, 8 p.m. at the home of Mrs. Harold Noble, Littlestown, R. D.

The Rev. William C. Karns pastor of St. John's Lutheran Church, has announced that he will conduct an eight weeks Bible study course, beginning Wednesday, October 7, from 8:30 to 9:30 p.m. at the church. The study will begin with the book of Acts, and interested persons are invited to attend.

Society To Elect
The initial meeting of the 1960 catechetical class of St. Luke's United Church of Christ, near White Hall, will be held with the pastor, the Rev. George Shultz Jr., on Wednesday at 7:30 p.m. at the parsonage.

Election of officers will take place at the September meeting of the Women's Missionary Society of St. Luke's Union Church at 8 p.m. Wednesday at the church. Mrs. Fred Hartlaub will be the program leader.

Miss Judy Long, a freshman at Millersville State Teachers' College, spent the weekend at the home of her parents, Mr. and Mrs. Roger Long, Prince St.

Tickets for the Community Concert series of entertainment may be purchased this week from Miss A. Marie Buddie or Mrs. Charles W. Weikert, of town. Gettysburg series tickets entitles the holders to attend concerts in Chambersburg, Waynesboro and Frederick. The first concert in Gettysburg will be a Finnish Ballet from the National Ballet Theater on Wednesday, October 7. David Lloyd, tenor, will entertain at the second concert.

Hold Youth Rally
The Gettysburg Regional Youth Rally was held on Sunday afternoon and evening at St. Luke's United Church of Christ, near White Hall. There were group games in the church grove, in charge of the host pastor, the Rev. George Shultz Jr., after which a box luncheon was enjoyed by the young people. The Rev. Carlisle-Springs Charge, was speaker at the vesper service. Miss Settemire is advisor to youth in the Mercersburg Synod. Installation of the regional officers took place during the vesper.

The following promotions were made in the Sunday School of Centenary Methodist Church on Sunday: From Nursery to Kindergarten, Sandy King, Randy Roberts, Robert Warehime, Jeff Knight and Richard Emerson; from Kindergarten to Primary Department, John Warehime, Rebecca Harner, Michele Harner, Douglas Musselman and David Little; from Primary to Junior, Dennis Musselman, Douglas Ruggles and Linda Roberts; from Junior to Youth Class, Darlene Barnes, David Byers, Judy Knight, Robert Smith and Carolyn Davis.

WILL DISCUSS
MEAT BUYING,
COOK SCHOOL

Pointers on how to stretch the food dollar will be stressed at the "Kitchen Classics" cooking school which will open tonight and continue Wednesday and Thursday evenings in the Gettysburg High School auditorium. The school is being presented as a public service by the Gettysburg Times.

One of the money-saving lessons will concern meat purchases. "All too many homemakers who buy meat are not aware of the fact that it offers a wider range of prices than is true of any other food," state Miss Alice Watters, cooking school lecturer. "There are many less-demanded cuts which are economical in price and fully as high in food values as re some of the more popular cuts. In addition, these less-demanded thrifty cuts can be exceedingly tasty and appetizing when prepared by the proper methods."

Miss Watters observed that there are enough meat items available to serve a different meat dish every day for a year. The homemaker who becomes acquainted with a large number of meat cuts and products is in a position to keep economy in the budget while keeping variety in the menu, she said.

Those attending the cooking school will pick up many money-saving facts regarding meat selection, identification, care, cookery and storage. To assist the homemakers in attendance, the stage demonstrations will be supplemented with comprehensive recipe books which contain all of the recipes and much of the other information presented during the school.

R. Jones spoke on the subject "Don't Hinder the Children" at the worship service. The Junior Choir sang the anthem "Feed My Sheep," accompanied on the organ by Mrs. Estella Furlow. The Junior Choir will rehearse this evening at 6 o'clock.

The Woman's Society of Christian Service of Centenary Church will hold a bake sale on Friday at 4 p.m. on the parking lot at Super-Thrift Market, N. Queen St. Those wishing transportation or items collected should contact Mrs. Edith Hanlon.

World Wide Communion services will be held in Centenary Church on Sunday at 10:30 a.m. and 4 p.m. Tickets for the Laymen's banquet in Carlisle on Thursday, October 8, at 6 p.m. may be ordered from Thomas H. Kerns before Monday.

The Intermediate and Senior Girl Scouts of Littlestown are invited to attend Roundup Day at Camp Happy Valley on Saturday, October 3, from 3:30 to 7:30 p.m. The Girl Scouts of the County who attended the national roundup in July in Colorado Springs will be present to tell about their trip. The program will include movies, slides, skit presented at Colorado Springs, games, songs, camp ceremony and display of swap items from the roundup. Each girl should take a nose-bag lunch and sit-upon and wear outdoor clothes. A beverage will be furnished for the evening meal.

GIRL SCOUTS
ON GARDEN HIKE

The Girl Scouts of Troop 56 enjoyed a flower garden hike in the community following the weekly business meeting on Monday after school in the engine house. The meeting was in charge of Mrs. James H. Spalding. Mrs. George Rhodes and Mrs. Fred Hartlaub, leaders, and Miss Bonnie Storm, troop aide. It was announced that the troop is invited to attend Round-up Day at Camp Happy Valley on Saturday from 3:30 to 7:30 p.m., and each girl should take her parents' signed permission slip, nose-bag lunch and sit-upon. The program theme will concern the national roundup at

Colorado Springs in July. Transportation from the engine house will be provided at 3 p.m. Girls' magazine for \$1.50 a year. Members are requested to bring the annual registration dues at the meeting next Monday at 3:45 p.m.

The annual fall Appalachian Trail hike of Boy Scout Troop 84 took place last weekend. The group enjoyed perfect weather on the trail, covering a distance of 24 miles from Duncannon to Brandtsville. The group camped overnight at Donnellytown on Rt. 94. Sunday morning, there was Sunday School along the trail. The Catholic boys were taken to mass at St. Patrick's in Carlisle by John R. Rudisill and Jack Rudisill. Camping equipment was taken to and from the camp site by truck.

Scouts on the hike were Barry Rhodes, Melvin Miller, Terry Miller, Jerry Miller, Carl Ritter, James Bowman, William Bless, Timothy Stites, Gary Long, James Long, Lowrey Close, James Bow-ersox, Michael Gladhill, Dennis

Gladhill, Larry Altoff, James Long, Jon Prato, Spencer Reaver, Dale Stary, Lynn Clabaugh, Neal Leister, William Ritter, Thomas Gingrow, Larry Conover, Edward Ruggles, Robert Horner, Howard Tracey, Ronald Ruggles, Steven Study, James Bittle, Ronald Cook, James Strevig, Terry Crabbs, Paul Schwartz, Ricky Everhart, Karl Brown, William Fuss, Steve Renner, Dennis Reigle, Robert Pittenturf and Ronald Benner. Leaders who participated were Edgar A. Wolfe, Scoutmaster; Paul E. Renner and Victor Reynolds, assistants; Explorers Robert Hahn and Charles Hahn, and institutional representative, Luther D. Snyder. The weekly meeting of the troop will be held at 7:30 p.m. Wednesday at Scout headquarters on M St.

MOSCOW (AP) — Tass said today the Soviet Union had harvested 102,516,000 hectares—246,038,400 acres—of grain and cereal crops by last Friday, or 94.3 per cent of this year's quota.

HAVANA (AP) — Fidel Castro said Monday night his government will investigate the concessions held by two major American-owned nickel and cobalt producing operations in Cuba.

LONDON (AP) — Maria Callas, whose husband is suing her for legal separation, failed to turn up in Britain today for a television show. The television company said it was taking legal steps.

The temperamental opera diva sent a message from Italy saying she was not coming because her personal American conductor, Nicola Rescigno, was ill.

NEW YORK (AP) — Jacob L. L. 68, co-founder with a brother of a chain of clothing stores for children, died Sunday after a long illness.

They are the Moa Bay Mining Co., a subsidiary of the Freeport Sulphur Co., and the Nicaro Nickel plant, owned by the U.S. government. Both are in eastern Cuba.

MEXICO CITY (AP) — Federal agents announced they seized \$480,000 worth of cocaine when they broke up an international narcotics ring here Monday. The officers said they arrested 17 persons and confiscated the illicit drug supply in two laboratories. They said the ring had connections in New York, Chicago, Chile and Bolivia, and possibly in Brazil and Peru.

aroused speculation that he wants a bigger share of the profits from the two plants, or even might be thinking about taking over the two operations.

Both have been able to get votes from Democrats," said Morton, who is Republican national chairman. "Both of them look like stake horses rather than a bunch of cheap selling platers."

"SKINNAY" DIVORCED
SANTA MONICA, Calif. (AP) — Skinnay Ennis — the soft-voiced crooner and handleader — used abusive language toward her, his wife testified in obtaining a divorce.

For example, said former singer Carmene Calhoun, he called her "stupid" and "crazy." The court granted her divorce Monday on grounds of mental cruelty. Ennis didn't contest the suit.

TWIN DIES; APPARENTLY OF SORROW

DUNKERQUE, France (AP) — Jean and Yves Delavance were twin brothers who died one life.

"You never saw one without the other," said a Dunkerque merchant who knew the family well.

"Mrs. Delavance wanted them always to share their life. It was like she was raising one son instead of two."

Inseparable

The twins were born 39 years ago. They went to school together, played games together and were inseparable. They even managed to stay in the same work camp in Germany during World War II.

When they returned to Dunkerque, their parents were dead. The brothers reopened the small family grocery store. Their identical gray sweaters and trousers, became a familiar sight in the channel town. Their neighbors called them "the quiet men."

Their relationship was almost broken five years ago when Yves fell in love with a girl from Boulogne. But he did not marry her.

Mutual Need

"To have real happiness my brother and I ought to marry twin sisters," Yves said. "We are still children in need of each other. I will not marry because I do not want to leave my brother."

Two weeks ago Yves fell ill and was taken to a hospital. He died there a few days later. His grief-stricken brother was at his bedside holding his hand.

On the day of the funeral, Jean entered the hospital. Doctors could find nothing organically wrong with him, but a week later he died.

"It's very strange, but apparently he could not live without his brother. I guess you would have to say he died of sorrow," said the doctor.

York Springs

YORK SPRINGS—The Latimore WCTU met at the home of Mrs. Lloyd Decker Tuesday evening. The following officers were installed by Mrs. Roemer: President, Mrs. Calvin Leer; vice president, Mrs. Chester Worley; corresponding secretary, Miss Erma Wagner; recording secretary, Mrs. Glenn Wonders; treasurer, Mrs. Lloyd Decker; directors, Mrs. Grove and Mrs. Mae Wagoner.

The business session was conducted by Mrs. Calvin Leer. Meetings will be held the fourth Tuesday of each month. The next meeting will be held at the home of Miss Erma Wagner.

The Rev. and Mrs. Grants Hoopert, Sunbury, accompanied by Mrs. Hoopert's mother, Mrs. James Decker, Five Points, are making a trip over the Skyline Drive, the Great Smoky Mountains and through North and South Carolina and Tennessee.

State Receives Most Federal Aid

HARRISBURG (AP)—More federal surplus food, 20 million dollars worth, was distributed in Pennsylvania last year than in any other state, according to the State Department of Property and Supplies.

Andrew M. Bradley, secretary, said Saturday 735,368 needy persons in Pennsylvania received \$14,264,952 worth of free surplus foods during the fiscal year which ended June 30.

Another \$6,084,111 worth of surplus butter, cheese, corn meal, dried eggs, flour, dried milk and rice went to institutions and schools in Pennsylvania.

The fact that Pennsylvania dis-

tributed free food to nearly twice as many persons as Michigan, the next highest state, does not mean the commonwealth has a more serious economic problem than other states, Bradley said.

LONDON (AP) — European newspapers of all political colors united today in greeting the Eisenhower-Khrushchev exchanges as a step toward easing tension and perhaps as a real contribution toward ending the cold war.

Non-Communist newspapers at the same time underlined that the Camp David talks apparently produced little concrete. They found this no great disappointment, perhaps because the years have shown that East-West negotiation always is slow to get results.

PHOTO EARTH FROM 20,000 MILES IN SPACE

WASHINGTON (AP) — Explorer VI, the Paddle Wheel satellite, has provided the first crude picture of the earth and its cloud cover from out in space, the National Aeronautics and Space Administration announced Monday.

The picture, taken when the satellite was 17,000 miles out in space, covered the area of Mexico.

ceived by the South Point, Hawaii, tracking station Aug. 14.

"Thus the area photographed was more than 20,000 miles from the satellite," the NASA said at a news conference.

Two-pound Camera
The two-pound camera device which took the picture was made by Space Technology Laboratories Inc., Inglewood, Calif.

While the earth was in the camera's field of view, the relative positions of earth, sun and satellite allowed only a crescent of the sunlit earth to be seen.

A black indentation on the upper right part of the crescent was caused by loss of data.

The signal transmission from which the picture was made was received early Aug. 14, or at 3:45

p.m. Hawaiian time, Aug. 13. At that time the central part of the Pacific was lighted, the North American continent was dark and Asian land masses were over the satellite's horizon. Explorer VI was launched Aug. 7.

WARSAW (AP) — Secretary of Agriculture Ezra Taft Benson told friendly greetings in Communist Poland Monday the United States is pleased at the development of favorable relations.

Arriving by plane on a 16-day goodwill and trade tour of eastern and northern Europe, Benson said in an airport talk that the reception given Vice President Richard Nixon here recently "will never be forgotten" in the United States.

**TOTAL ELECTRIC
LIVING begins with
ELECTRIC HOME
HEATING...**

... now, in a push-button age, you can have push-button heating—under complete control in every room—as clean, safe, trouble-free and as convenient as your electric light

Hundreds upon hundreds of new homes are being equipped for TOTAL ELECTRIC LIVING, complete with ELECTRIC HEAT.

With ELECTRIC HEAT you take a giant step forward to an easier, more convenient, more carefree life. You discover for the first time advantages you just can't enjoy with any other type fuel.

You get more space. An electrically heated home doesn't need a furnace, or chimney, or all the pipes and flues that are ordinary heating system uses.

Electric heat lets you have exactly the tem-

perature you want in every room. There's never any fuel to order or store. Chances are you'll never have a repair bill.

And there's the other advantages you take for granted with electrical living. Electric heat is clean—safe—quiet—efficient. Its comfort and convenience are the only indications that it's there!

Cost? Surprisingly reasonable! A special low rate has been set up for electrically heated homes. And don't forget, in most cases you can install electric heat for less than any other heating system.

Are you planning to build in the near future? Then do these two things to make sure you'll have no regrets later. First—send for the free booklet shown at the left. Second—call and ask to have one of our representatives explain how you can enjoy the advantages of electric heat. There will be no obligation.

HOUSE OKAYS CHANGES IN LIQUOR SALES

HARRISBURG (AP) — Legislation easing restrictions on Sunday beer and liquor sales has been approved by the House.

Cleared by narrow margins Monday night were bills permitting all licensed establishments to stay open until 2 a.m. Sunday and hotels in Philadelphia and Pittsburgh to sell between 1 p.m. and 10 p.m. on Sundays. The vote on the first measure was 107-83 and on the hotel bill 106-80.

Both bills were sent to the Senate after a handful of Republicans helped Democrats pass them.

Tried To Amend

Vote on the hotel bill was preceded by efforts to amend it to make sale of beer and liquor on Sunday general throughout the state. The amendment, sponsored by Rep. Anthony J. Petrosky (D-Westmoreland), was defeated overwhelmingly in a standing vote.

The hotel sales bill carries a provision that the voters in the two cities must first approve the plan at a referendum.

Sales would be restricted to hotel restaurants where at least 55 per cent of the gross business is in sale of food. The bill makes no provision for restaurants other than those in hotels to make the sales.

Backed By Hotelmen

The measure was backed by the Pennsylvania and Philadelphia hotel associations in an attempt to lure more convention business to the state's two largest cities.

Rep. Harry R. McInroy (R-Tioga), led opposition to the measure.

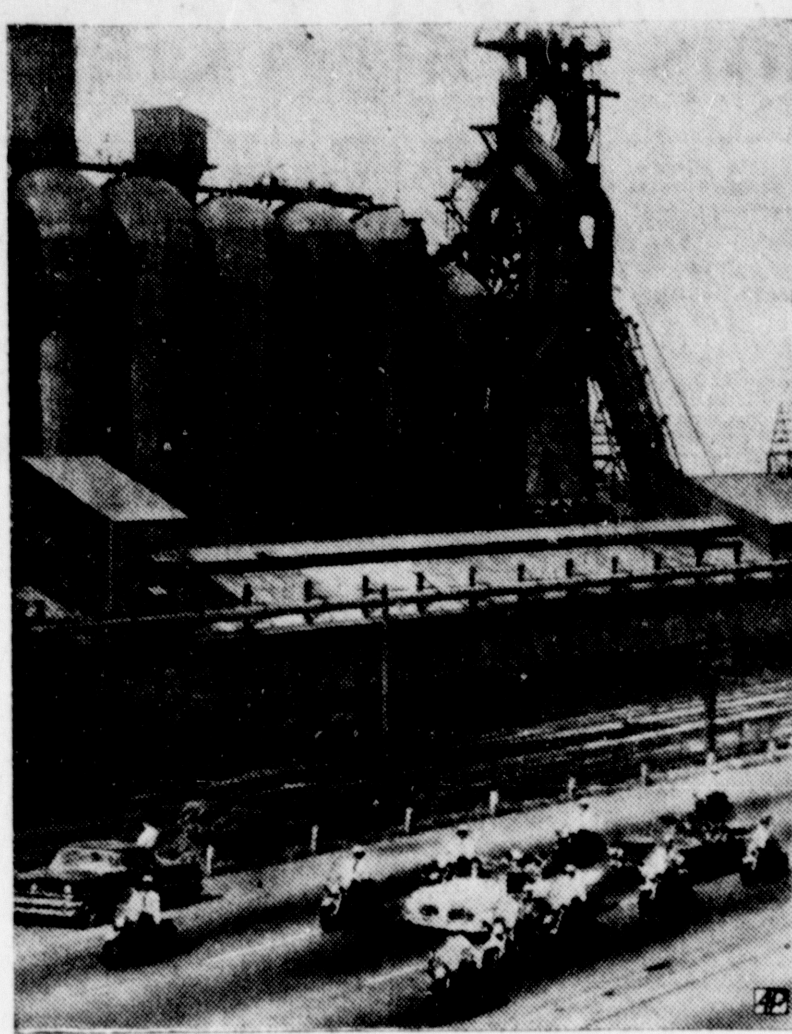

A series of speakers rose in support of the bill, basing their appeal on its inducement to more convention trade.

Rep. James J. Jump (R-Luzerne) said "a vote for this bill is a vote for progress."

No Debate

There was no debate on the measure changing the Saturday

Danville Man, 70, Is Collision Victim

NORTHUMBERLAND, Pa. (AP) — Thomas Ward, 70, of Danville, died Monday when his light truck collided with a tractor-trailer on Route 11 near this Northumberland County borough.

Ward's body was pinned in the wreckage of his pickup truck for nearly an hour.

Robert L. Kuhn, 30, of Middletown R. 1, Dauphin County, was the driver of the other truck. He escaped injury. Kuhn told police Ward's truck suddenly pulled in front of his rig from a field along the highway.

DEATHS

DUBLIN, Ireland (AP) — Dr. Richard Irvine Best, 87, internationally known authority on Irish literature, died Saturday.

OTTAWA (AP) — Aaron R. Mosher, 78, a pioneer in the Canadian labor movement and one-time president of the Canadian Labor Congress, died Saturday.

LOS ANGELES (AP) — Miguel S. Macedo, 75, multimillionaire Mexican industrialist and former undersecretary of interior of Mexico, died Saturday.

BEVERLY HILLS, Calif. (AP) — Helen Broderick Crawford, 68, former actress, Broadway and vaudeville star and mother of actor Broderick Crawford, died Friday.

WASHINGTON (AP) — Edgar S. Turlington, 67, an authority on international law and member of the State Department for 22 years, died Sunday of a heart attack.

night closing hours from midnight until 2 a.m. Sunday.

The House also passed bills that would:

Lower the retirement age for policemen in boroughs, towns and townships from the present 65 to between 55 and 60 (134-56).

Change standards and qualifications for hospitals in which interns may train (189-8).

TAKE ACTION ON FISHWAYS

HARRISBURG (AP) — For the first time in history we're finally going to do something about fishways," Chairman William B. Curwood of the House Fisheries Committee said today.

The Luzerne County Democrat exuded confidence that the meeting between members of his committee, a state senator and interested laymen and federal officials last week would lead to the long-sought survey into the feasibility of fishways in the lower Susquehanna River dams.

Senate Appropriation

Curwood planned to report out of his committee today a Senate-approved bill appropriating \$75,000 for an engineering survey of the fishways. A change has been written into the bill, he said, authorizing use of the money also for biological surveys to see whether fish now blocked from the Susquehanna by the dams would use the fishways if they were constructed.

The fishways would provide a passage around the dams. Chief obstacle to the survey appropriation now appears to be reluctance on the part of the Fish Commission to take the money out of the fish fund.

Money A Must

Curwood said, however, he doesn't care where the money comes from as long as it is provided for the surveys.

The dams were built between the two world wars.

VIENNA, Austria (AP) — The outline of a new five-year plan for Hungary designed to increase the national income 150 per cent was announced Monday. Among other targets set for achievement by 1965 are an increase in industrial production of 65-70 per cent over 1958 and a raise of agricultural production by 30-32 per cent over the average for 1954-58.

Individual cities in ancient Europe issued their own coins.
